**Young Men and Fire** Norman Maclean, 2017-05 Twenty five years after its first publication **Young Men and Fire** is read avidly by students of literary nonfiction for its blend of hard earned research memoir and an old man s wisdom It tells one of the most infamous stories in the history of wildland firefighting On August 5 1949 a crew of fifteen of the United States Forest Service s elite airborne firefighters the Smokejumpers stepped into the sky above a remote forest fire in the Montana wilderness On the ground they were joined by a local fireguard Two hours after the jump all but three of the men were dead or mortally burned For forty years Maclean was haunted by these deaths And for the last years of his life he struggled to write a book that would put back together the scattered pieces of the Mann Gulch disaster and to give it the dignity of tragedy The result is both the definitive account of what happened to the Smokejumpers on that remote Montana mountainside in 1949 and the narrative of a writer s quest for meaning in the face of elusive facts and the waning energies of

old age *Young Men & Fire* Norman Maclean,1992 On August 5 1949 a crew of fifteen Smokejumpers the United States Forest Service s elite airborne firefighters stepped into the sky above a remote forest fire in the Montana wilderness Less than two hours after their jump all but three of these men were dead or fatally burned Exactly what happened in Mann Gulch that day has been obscured by years of grief and controversy Now a master storyteller finally gives the Mann Gulch fire its due as tragedy Norman Maclean first saw the Mann Gulch fire as it still burned in mid August 1949 and even then he knew he would one day become a part of its story Maclean spent the last fourteen years of his life studying and reliving the fire *Young Men and Fire* is the long awaited result a story of Montana of the ways of wildfires firefighters and fire scientists and especially of a crew young and proud who hadn t learned to count the odds and to sense they might owe the universe a tragedy This tale is also Maclean s own the story of a writer obsessed by a strange and human horror unable to let the truth die with these young men searching for the last and lasting word Nature s violence collides with human fallibility in *Young Men and Fire* The Smokejumpers in Mann Gulch are trapped by a blowup a deadly explosion of flame and wind rarely encountered and little understood at the time Only seconds ahead of the approaching firestorm the foreman R Wagner Dodge throws himself into the ashes of an escape fire And survives as his confused men run their last moments obscured by smoke The parents of the dead cry murder charging that the foreman s fire killed their boys Years later Maclean returns to the scene with two of the survivors and pursues the mysteries that Mann Gulch has kept hidden since 1949 From the words of witnesses the evidence of history and the research of fire scientists Maclean at last assembles the scattered pieces of the Mann Gulch tragedy Excerpts from *Young Men & Fire* Norman Maclean,1992
