Winston Churchill Richard Toye,2020-08-13 Before Winston Churchill made history he made news To a great extent the news made him too If it was his own efforts that made him a hero it was the media that made him a celebrity and it has been considerably responsible for perpetuating his memory and shaping his reputation in the years since his death Churchill first made his name via writing and journalism in the years before 1900 the money he earned helping to support his political career at a time when MPs did not get salaries Journalistic activities were also important to him later as he struggled in the interwar years to find the wherewithal to run and maintain Chartwell his country house in Kent Moreover not only was journalism an important aspect of Churchill s political persona but he himself was a news obsessive throughout his life The story of Churchill and the news is on one level a tale of tight deadlines off the record briefings and smoke filled newsrooms of wartime summits that were turned into stage managed global media events and of often tense interactions with journalists and powerful press proprietors such as Lords Northcliffe Rothermere and Beaverbrook Uncovering the symbiotic relationship between Churchill s political life and his media life and the ways in which these were connected to his personal life Richard Toye asks if there was a public Churchill whose image was at odds with the behind the scenes reality or whether in fact his private and public selves became seamlessly blended as he adjusted to living in the constant glare of the media spotlight On a wider level this is also the story of a rapidly evolving media and news culture in the first half of the twentieth century and of what the contemporary reporting of Churchill s life including by himself can tell us about the development of this culture over a period spanning from the Victorian era through to the space age **Winston Churchill in Peace and War**

Con Coughlin,2014 Over a century ago a young cavalry lieutenant wrote a riveting account of what he saw during his first major campaign a vicious war against tribal insurgents on the North West Frontier Winston Churchill s The Story of the Malakand Field Force published in 1898 made his reputation as a writer and as a soldier More than 120 years later it is still reading for military commanders on the ground both British and American Now acclaimed author and foreign correspondent Con Coughlin tells the story of that campaign combining colourful historical narrative interviews with contemporary key players and the journalist s eye for both a good story and deep analysis Churchill s First War is not only a dramatic and vivid piece of military history but affords us a rare insight into both the nineteenth century Great Game and the twenty first century conflict that has now raged longer than the Second World War and taken more lives than the Falklands Incisive and deliciously readable Daily Express
