## **West Germany:**

West Germany Under Construction Robert G. Moeller, 1997 Collects important recent essays in a critical reexamination of the Federal Republic's early history

The Miracle Years Hanna Schissler, 2020-12-08 Stereotypical descriptions showcase West Germany as an economic miracle or cast it in the narrow terms of Cold War politics Such depictions neglect how material hardship preceded success and how a fascist past and communist sibling complicated the country's image as a bastion of democracy Even more disappointing they brush over a rich and variegated cultural history That history is told here by leading scholars of German history literature and film in what is destined to become the volume on postwar West German culture and society In it we read about the lives of real people from German children fathered by black Occupation soldiers to communist activists from surviving Jews to Turkish guest workers from young hoodlums to middle class mothers We learn how they experienced and represented the institutions and social forces that shaped their lives and defined the wider culture We see how two generations of West Germans came to terms not only with war guilt division from East Germany and the Angst of nuclear threat but also with changing gender relations the Americanization of popular culture and the rise of conspicuous consumption Individually these essays peer into fascinating overlooked corners of German life Together they tell what it really meant to live in West Germany in the 1950s and 1960s In addition to the editor the contributors are Volker R Berghahn Frank Biess Heide Fehrenbach Michael Geyer Elizabeth Heineman Ulrich Herbert Maria Hahn Karin Hunn Kaspar Maase Richard McCormick Robert G Moeller Lutz Niethammer Uta G Poiger Diethelm Prowe Frank Stern Arnold Sywottek Frank Trommler Eric D Weitz Juliane Wetzler and Dorothee Wierling

*West Germany* Charles River Charles River Editors, 2018-05-29 Includes pictures Includes online resources and a bibliography for further reading Here in Berlin one cannot help being aware that you are the hub around which turns the wheel of history If ever there were a people who should be constantly sensitive to their destiny the people of Berlin East and West should be they Martin Luther King Jr In the wake of World War II the European continent was devastated and the conflict left the Soviet Union and the United States as uncontested superpowers This ushered in over 45 years of the Cold War and a political alignment of Western democracies against the Communist Soviet bloc that produced conflicts pitting allies on each side fighting even as the American and Soviet militaries never engaged each other Though it never got hot the Cold War was a tense era until the dissolution of the USSR and nothing symbolized the split more than the Berlin Wall which literally divided the city Berlin had been a flashpoint even before World War II ended and the city was occupied by the different Allies even as the close of the war turned them into adversaries After the Soviets blockade of West Berlin was prevented by the Berlin Airlift the Eastern Bloc and the Western powers continued to control different sections of the city and by the 1960s East Germany was pushing for a solution to the problem of an enclave of freedom within its borders West Berlin was a haven for highly educated East Germans who wanted freedom and a better life in the West and this brain drain was threatening the survival of the East German economy

In order to stop this access to the West through West Berlin had to be cut off so in August 1961 Soviet premier Nikita Khrushchev authorized East German leader Walter Ulbricht to begin construction of what would become known as the Berlin Wall. The wall begun on Sunday August 13 would eventually surround the city in spite of global condemnation and the Berlin Wall itself would become the symbol for Communist repression in the Eastern Bloc. It also ended Khrushchev's attempts to conclude a peace treaty among the Four Powers: the Soviets, the Americans, the United Kingdom, and France, and the two German states. Of course, the Berlin Wall also literally divided West Germany from East Germany, and West Germany became one of the most stable and prosperous states in Europe during the Cold War. It had a remarkable history, albeit one that was interrupted by numerous crises and problems. The West Germans honestly confronted its brutal past and competently absorbed the far poorer Soviet satellite East Germany upon the reunification of Germany in 1990. This, of course, was not at all certain or obvious when the Allies beat back the Nazis at the end of the war in 1945, but far from making the same mistakes the Allied Powers made after World War I, the Allies opted to mold West Germany as a liberal democratic state that would achieve prosperity and renounce war.

*The History and Legacy of the Federal Republic of Germany during the Cold War* examines the country and its place at the center of geopolitics after World War II. Along with pictures and a bibliography, you will learn about West Germany like never before. **West Germany** Michael Balfour, 2023-06-09. First Published in 1982, *West Germany* presents a new approach to the study of contemporary Germany. The past history of the country is used to explain its present state, since the roots of many of the events of this century can be found as far back as the Middle Ages. In order to understand Germany's relative backwardness in the nineteenth century, it is vital to have some conception of her medieval history, and likewise, the descriptions of the constitutions of 1871 and 1919 help to explain why the Basic Law of 1949 took the form it did. The form the book takes is slightly unusual in that the amount of space devoted to an epoch increases as the present day approaches, but this is consistent with the aim of the book. This is an important historical document for scholars and researchers of German history and European history. *West Germany: Internal Structures and External Relations* Frank Pfetsch, 1988-07-07. Although many recent publications deal with the substance of West German external relations, none in English, at any rate, focuses heavily upon the structure and processes of foreign policy making. Thus, by covering the latter as well as the former, this translation of Pfetsch's book fills an important gap. The author provides a detailed, thorough, and precise outline of the institutions and instruments involved in West German foreign policy formulation. Choice: What internal functions affect foreign policy making? How do non-tangible forces such as recent German history, public opinion, the nature of the economy, etc., play a part in overall German foreign policy? In examining these questions and others, Pfetsch provides detailed data on West German political, economic, social, and cultural performances that challenge the view that interprets relations solely as a result of international structures. *West Germany in International Relations* demonstrates how internal as well as international factors shape foreign policy making. **West Germany** Günther

Kloss,1990 This book provides a broad introduction to West Germany covering the post war history and foreign policy politics economic geography financial policy education the media and arts higher education and social structure *Policy and Politics in West Germany* Peter J. Katzenstein,1987 How can we account for the lack of large scale policy change in West Germany despite changes in the partisan make up of the federal government This formulation of the German Question differs from the one commonly posed by students of German politics a version usually focused on Germany s tragic confrontation with modernity and a possible revival of militarism and authoritarianism Katzenstein here uncovers the political structures that make incremental policy change such a plausible political check against the growing force of government This book examines in detail how West German policy and politics interrelate in six problem areas economic management industrial relations social welfare migrant workers administrative reform and university reform Throughout these six case studies Katzenstein suggests that West Germany s semi sovereign state provides the answer to the German Question as it precludes the possibility of central authority Coalition governments federalism para public institutions and the state bureaucracy are the domestic forces that have tamed power in the Federal Republic Author note Peter J Katzensteinis Professor of Government at Cornell University as well as a former editor of International Organization **West Germany's Political Response to Terrorism** United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Criminal Laws and Procedures,1978 *West Germany* Donald S. Detwiler,Ilse E. Detwiler,1987 A wide ranging bibliography on the region Some 850 annotated entries explore subject matter categorized under 37 headings that include industry religion mass media the arts sports and recreation transport domestic and external trade languages and dialects prehistory and archaeology West Berlin and its special status Annotation copyright West Germany Sean Dolan,1991 An introduction to the geography history government economy people and culture of West Germany West Germany and the European Community Werner J. Feld,1981 Terror and Democracy in West Germany Karrin Hanshew,2012-08-20 Karrin Hanshew examines West German responses to 1970s terrorism to explain why the experience had lasting significance for German politics and society

**The Goebel Collector's Guide** Werner Moderhack,Ray Wagner,2002 The fascinating world of Goebel is brought to you by two of the world s foremost authorities Werner Moderhack and Ray Wagner This book Goebel The Collector s Guide is printed in full color and is the most comprehensive and completely researched guide ever published on Goebel products It is published with the approval and cooperation of Goebel Porzellanfabrik Rodental Germany Contents include Value and Identification Guide Listings of Goebel Artists and Sculptors Trademark History Goebel History Many prototypes and other rare pieces and Madonnas which include figurines wall hangings plaques busts and grave markers Every category is as complete as research and expertise will permit Plus Works of major artists such as Lore Blumenkinder Kathe Kruse Normal Rockwell Original Schaubach Nasha Huldah Staehle and many others **West Germany (RLE: German Politics)** David Childs,Jeffrey Johnson,2014-12-17 This book originally published in 1981 provides the student and general reader alike with a

fascinating account of the dynamic re emergence of Germany after the Second World War as one of the world s leading and most powerful states The book gives extensive coverage to all aspects of the former West Germany s political social and economic arrangements As well as dealing with the Basic Law political parties Bundestag and government it also discusses neglected subjects such as education the armed forces welfare services the role of women the economy and industrial relations and the mass media

**Cumulative Index to Foreign Market Surveys** United States. Bureau of International Commerce,1968      *West Germany* David Childs,Jeffrey Johnson,1981      **Index to Foreign Production and Commercial Reports** ,1971      *Three Germanies* Michael Gehler,2013-06-01 Since the defeat of the Third Reich in 1945 Germany has been in a continual state of turmoil and reinvention In *Three Germanies* Michael Gehler explores the political rollercoaster Germany has been riding since the Yalta Conference which split postwar Germany into separate zones controlled by the Soviets Americans French and British Peace however was short lived from 1948 to 1949 Stalin blockaded Berlin in an attempt to gain control over the largest city in Germany Though the blockade was finally broken in May of 1949 soon after Germany was officially split into the Federal Republic of Germany or West Germany and the German Democratic Republic or East Germany From then on Germany became two very different countries with opposite political ideals splitting families down the middle ideologically and soon physically with the erection of the Berlin Wall in 1961 Though the Berlin Wall came down in 1989 and Germany was reunified its problems were far from over to this day Chancellor Angela Merkel and the Grand Coalition struggle to implement reform Gehler s timely and relevant study will appeal to readers interested in postwar diplomacy and the future of Germany as it examines Germany s attempts to find a government and a leader that will create a stable and secure country in the twenty first century
