Charles Dickens

Young Again:

He Made Them Young Again Stephen L. DeFelice, 2006-01-17 An idealistic young medical doctor Giancarlo Avellino inspired by a radical colleague Sigismondo Malatesta decides that the biological hands of time can be scientifically reversed in the elderly making them young again Convinced that a combination of pharmaceutical compounds and nutraceutical dietary supplements may be one of the keys to the fountain of youth he boldly decides to prove it clinically treating five aging physicians and a sixth surprise volunteer The results of the treatment at first seem promising but then a mysterious death occurs jeopardizing the program The police and the FDA become involved paving the way for the U S Congress to enter challenging the will of the young doctor to continue his courageous endeavor Primarily conversational the bulk of the story is concerned with addressing how people deal with this bold effort describing their thoughts and their individual reactions to the turning back of their hands of time
