Young And Dangerous:

City on Fire Lisa Odham Stokes, Michael Hoover, 1999 Hong Kong's film industry gained global attention in the 1980s at the time of negotiations over Great Britain's return of the colony to China. Uncertainty about the post handover era accelerated Hong Kong's race for economic growth and found expression in cinema's depictions of a city on fire. In this accessible introduction to the extraordinary cinematic output of the colony, Michael Hoover and Lisa Stokes review the directors and films that have established Hong Kong cinema internationally: John Woo's martial arts flicks, Tsui Hark's wire-worked fantasies, Ann Hui's exile melodramas, Stanley Kwan's limpid romances, and Wong Kar-wai's stylish art films.

Youth Culture in Chinese Language Film Xuelin Zhou, 2016-08-05 This book explores the vigorous film cultures of mainland China, Taiwan, and Hong Kong from the perspective of youth culture. The book relates this important topic to the wider social, cultural, and institutional context and discusses the relationship between the films and the changes that today are transforming each society. Among the areas explored are the differences between the three film industries, their creation of new types of screen hero and heroine, and their conflicts with traditional Chinese attitudes such as respect for age. The many films discussed provide fresh perspectives on the ways in which young people are coping with gender, sexuality, class, coming of age, the pressures of education, and major social shifts such as rural to urban migration. They show young adults in each society striving to construct new value systems for a complex, rapidly changing environment.

The Disappearance of Hong Kong in Comics, Advertising and Graphic Design Wendy Siuyi Wong, 2018-10-23 This book examines Hong Kong's struggle against the disappearance of its unique identity under the historical challenges of colonialism, in addition to the more recent reimposition of Chinese authoritarian government control, as reflected in three under-researched forms of visual media: comics, advertising, and graphic design. Each section of the book focuses on one of these three forms, and each chapter focuses on one stage of Hong Kong's changing cultural identity. The articulative position of this book is on studies of visual cultural history and media communication. Its case studies will broaden readers' own cultural knowledge for a more international understanding.

The Disappearance of Hong Kong in Comics, Advertising and Graphic Design advances the development of its three key subjects in terms of identity, communication, and cultural politics, aiming to reach a wide range of multidisciplinary readers.
