Word Processing Applications:

Word Processing Applications for Office Professionals Norman W. McKay, Judith M. Hopkins, 1989 This book provides instruction and reinforcement for the most frequently used word processing functions in word processing software. It is designed to train students quickly for employability in the word processing field and can be used with existing or future word processing programs.

Word Processing Applications Jo Ann Lee, Shelley Gaskin, 1996 Introducing students to word processing WP this text is organized by concept rather than by type of document. Overviews are given of concepts and there are practice activities for each element. The text integrates business related documents for practising each concept including memos reports letters tables enumerations and outlines. The book is not software specific allowing the text to be used with any WP program.

HCI International 2011 Posters' Extended Abstracts Constantine Stephanidis, 2011-06-27 This two volume set CCIS 173 and CCIS 174 constitutes the extended abstracts of the posters presented during the 14th International Conference on Human Computer Interaction HCII 2011 held in Orlando FL USA in July 2011 jointly with 12 other thematically similar conferences. A total of 4039 contributions was submitted to HCII 2011 of which 232 poster papers were carefully reviewed and selected for presentation as extended abstracts in the two volumes.

User-centered Web Development Jonathan Lazar, 2001 Frequently Web sites are designed without considering the needs of the users. As a result the Web site often fails to fulfill its intended purpose. User Centered Web Development guides readers through the process of designing Web based resources based on the needs of the user. This text will take the reader from the initial idea of developing a Web site through determining the mission of the Web site collecting the requirements designing the pages performing usability testing and implementing and managing a Web site. Further large case studies will assist readers in comprehending how these user centered design concepts can be applied to real world settings. The author has shown how to implement his design concepts in three case studies spread throughout the book: a non profit educational Web site and Eastman Kodak.
