structures and object oriented programming Clearly and skillfully document your code Package and share your code Integrate data science code with a larger code base Learn how to write APIs Create secure code Apply best practices to common tasks such as testing error handling and logging Work more effectively with software engineers Write more efficient maintainable and robust code in Python Put your data science projects into production And more [Humphrey Jennings and British Documentary Film: A Re-assessment](#) Philip C. Logan,2016-05-13 Humphrey Jennings ranks amongst the greatest film makers of twentieth century Britain Although a relatively unknown figure to the wider public his war time documentaries are regarded by many including Lord Puttnam Lindsay Anderson and Mike Leigh as amongst the finest films of their time Groundbreaking both in terms of their technique and their interest in and respect for the everyday experiences of ordinary people these films are much more than mere government propaganda Instead Jennings work offers an unparalleled window into the British home front and the hopes fears and expectations of a nation fighting for its survival Yet until now Jennings has remained a shadowy figure with his life and work lacking the sustained scholarly investigation and reassessment they deserve As such film and social historians will welcome this new book which provides an up to date and thorough exploration of the relationships between Jennings life ideas and films Arguing that Jennings s film output can be viewed as part of a coherent intellectual exercise rather than just one aspect of the artistic interests of a wide ranging intellectual Philip Logan paints a much fuller and more convincing picture of the man than has previously been possible He shows for the first time exactly how Jennings s artistic expression was influenced by the fundamental intellectual social and cultural changes that shook British society during the first decades of the twentieth century Combining biography social history and international artistic thought the book offers a fascinating insight into Jennings his work the wider British documentary film movement and the interaction between art and propaganda Bringing together assessments of his tragically short life and his films this book is essential reading for anyone with an interest in British cinema or the social history of Britain in the 1930s and 40s

Attack of the Difficult Poems Charles Bernstein,2011-04-30 Charles Bernstein is our postmodern jester of American poesy equal part surveyor of democratic vistas and scholar of avant garde sensibilities In a career spanning thirty five years and forty books he has challenged and provoked us with writing that is decidedly unafraid of the tensions between ordinary and poetic language and between everyday life and its adversaries Attack of the Difficult Poems his latest collection of essays gathers some of his most memorably irreverent work while addressing seriously and comprehensively the state of contemporary humanities the teaching of unconventional forms fresh approaches to translation the history of language media and the connections between poetry and visual art Applying an array of essayistic styles Attack of the Difficult Poems ardently engages with the promise of its title Bernstein introduces his key theme of the difficulty of poems and defends often in comedic ways not just difficult poetry but poetry itself Bernstein never loses his ingenious ability to argue or his consummate attention to detail Along the way he offers a wide ranging critique of literature s place in the academy taking on

the vexed role of innovation and approaching it from the perspective of both teacher and practitioner From blues artists to Tin Pan Alley song lyricists to Second Wave modernist poets The Attack of the Difficult Poems sounds both a battle cry and a lament for the task of the language maker and the fate of invention
