When Things Go Wrong Helmut K. Anheier, 1999 To understand success you must first understand failure This understanding is especially critical since failure is a phenomenon that is much more common to everyday life businesses and government practice than standard theory would lead us to assume Failure manifests itself in many ways including breakdowns bankruptcies and other forms of organizational catastrophes and fiascoes Thus learning from failure will enable success *When Things Go Wrong* brings together contributions from 24 leading scholars who examine the causes patterns process and outcomes of such failures from economic managerial cognitive and political perspectives This book presents failure as a relative concept in terms of the expectations and strategies of stakeholders putting a claim on the performance of the organization and the notion of success It challenges future research in this field to combine both economic and non economic performance measures to assess organizational tendencies toward success and failure and to differentiate between failure as process and failure as an outcome

Mistakes to Success: Learning and Adapting When Things Go Wrong Colin Austin, Robert Giloth, 2010-09-03 Throughout the nonprofit sector successes are celebrated and mistakes tend to be deliberately forgotten But as *Mistakes to Success Learning and Adapting When Things Go Wrong* makes clear this is a lost opportunity Discussing analyzing and learning from mistakes should be a common practice which can strengthen the work of nonprofits Breaking new ground *Mistakes to Success* provides a rich collection of revealing essays focused on failures in the field of community economic development The authors leaders in the nonprofit field write with firsthand knowledge about a range of projects including an ethnic marketplace in Chicago a childcare assistance initiative in New York City national workforce development initiatives and an innovative program to help working families purchase affordable used cars These compelling stories provide valuable insights into what it takes to shape and manage complicated initiatives designed to improve opportunities for lower income people and communities This collection will be a valuable resource for anyone interested in the challenges associated with social innovations including program leaders nonprofit advocates policymakers elected officials foundation officers and members of the public Researchers and practitioners jump at the chance to show their latest program impact results and share best practices Asking them to acknowledge much less discuss their mistakes is like inviting them for a root canal Yet we learn some of our most useful lessons from our mistakes The authors deserve gratitude from those interested in improving the practice of workforce and

community development Chris King Director Ray Marshall Center LBJ School of Public Affairs University of Texas at Austin This volume offers a fascinating walk through a variety of social innovation programs that didn't succeed or at least didn't work as planned Key themes such as defining what constitutes success determining when a project's success should be judged balancing or prioritizing among the multiple goals social projects often reach for and building and sustaining organizational capacity are addressed in a variety of contexts providing a rich set of insights for both program leaders and investors
