Ideas Automation Remote Work:

Remote Work, Internal Marketing and Human Resource Management Teena Mishra, 2024-12-02 Remote working is a developing idea that many organizations are embracing especially in light of COVID 19 and the rise in demand for remote and hybrid roles. As there is no standard model to use for implementation, a number of problems and difficulties develop as popularity increases and hybrid working environments become normalized. This book presents the views, opinions, and reality of remote work and creating an appropriate internal marketing culture in a remote environment. The key topics explored are the significance of remote work, remote work practice, reshaping the work environment, designing remote work models, remote work challenges, remote work facing business organizations, remote work management innovations and technology, the role of motivation and satisfaction in organizational development, employee empowerment in a remote setting, transparency and commitment for sustainable development, and the future of remote work. This research volume will be of value to researchers, academicians, practitioners, and students in the fields of human resource management, organizational studies, and innovation management.

AI and Innovation in HRM Pushan Kumar Dutta, Amarnath Padhi, Sulagna Das, Vinod Kr Sharma, Poshan Yu, 2025-08-13 This book provides a comprehensive blueprint for organizations to strategically leverage AI technologies and drive innovation in their HRM practices, enabling them to cultivate a future-ready workforce that can thrive in the service-centric marketplace. It weighs in on the challenges and opportunities brought forth by the convergence of AI and HRM in a rapidly evolving service economy. Drawing insights from management theory, organizational psychology, and technology studies, this multidisciplinary book explores how AI can augment and elevate various facets of strategic HRM, from talent acquisition and employee development to performance management and organizational culture enhancement. It offers a future-focused perspective on HRM's evolving role in shaping the workplace of tomorrow, emphasizing the pivotal role of AI in fostering organizational agility, innovation, and competitiveness. The international contributors delve into the unique challenges and opportunities presented by AI integration in service industry contexts, providing tailored strategies and best practices for effective adoption, as well as addressing ethical considerations and responsible governance of AI systems. This timely volume will be a valuable resource for scholars across human resource management, organizational management, and innovation and technology management. It will be useful to HR professionals, business leaders, and decision makers in service-based organizations.

Generations in the World of Work Corey Seemiller, Meghan Grace, 2024-12-30 *Generations in the World of Work* provides invaluable data-informed insights into the intergenerational dynamics in today's workplaces. Generational experts and authors of *Generation Z: A Century in the Making*, Corey Seemiller and Meghan Grace, present the perceptions, motivations, and preferences of various generational cohorts and share how these shape individual behaviors, communication, and collaboration, as well as wider organizational structures and norms. They offer guidance for how to maximize productivity and relationships to navigate dynamics across generational

cohorts Generations in the World of Work offers employees managers and organizational leaders guidance for maximizing productivity relationships wellbeing and engagement across generational differences in order to create thriving workplaces that value and leverage each person s strengths **Resource Peripheries in the Global Economy** Felipe

Irrarázaval, Martín Arias-Loyola, 2021-10-11 This book discusses the conditions that underpin configuration of specific places as resource peripheries and the consequences that such a socio spatial formation involves for those places The book thereby provides an interdisciplinary approach underpinned by economic geography political ecology resource geography development studies and political geography It also discusses the different technological political and economic changes that make the ongoing production of resource peripheries a distinctive socio spatial formation under the global economy Through a global and interdisciplinary perspective that uncovers ongoing political processes socio economic changes and socio ecological dynamics at resource peripheries this book argues that it is critical to take a more profound appraisal about the socio spatial processes behind the contemporary way in which capitalism is appropriating and transforming nature
