Overflow Michael Reeves,2021-07-06 What does the Trinity have to do with missions As it turns out everything Too often we put theology in one part of the Christian life and missions in another and they never meet A doctrine like the Trinity belongs in the intellectual realm while missions belongs with the practical parts of life Or so we think But is that really the way it should be Michael Reeves wants you to understand that the doctrine of the Trinity has everything to do with the practice of missions When a Christian sees the Father Son and Holy Spirit as divine persons who are so full of love that it radiates and overflows into creation and into the lives of human beings our perspective on missions is radically changed No longer is missions an obligation or a drudgery Instead realizing the abundance of love that goes forth from God we who have received and delighted in such love are motivated to go forth as well Let the radiance of God s triune beauty capture your heart Then God s great mission won t be a chore but will naturally overflow from your joyous delight in Him *A Select Library of the Nicene and Post-Nicene Fathers of the Christian Church* ,1905 **Julian of Norwich** Kevin

Magill,2006-07-13 Julian of Norwich was a fourteenth century woman who at the age of thirty had a series of vivid visions centred around the crucified Christ Twenty years later while living as an anchoress in a church she is believed to have set out these visions in a text called the Showing of Love Going against the current trend to place Julian in the category of mystic a classification which defines her visions as deeply private psychological events this book sets Julian s thinking in the context of a visionary project used to instruct the Christian community Drawing on recent developments in philosophy that debate the objectivity and rationality of vision and perception Kevin J Magill gives full attention to the depth and richness of the visual language and modes of perception in the Showing of Love In particular the book focuses on the ways in which Julian presented her vision to the Christian society around her demonstrating the educative potential of interaction between the isolated anchoress and the wider community Challenging Julian s identification as a mystic and solitary female writer this book argues that Julian engaged in a variety of educative methods oral visual conversational mnemonic alliterative that extend the usefulness of her text The teacher's Prayer book; the Book of common prayer, with introductions, analyses, and notes, by A. provides an in depth analysis on his doctrine Part two sets Edwards trinitarianism in historical context Part three demonstrates how Edwards employed the Trinity in his sermons in spiritual formation and in other areas of doctrine
