A Manual of Psychology George Frederick Stout, 1899 An effective introduction to Psychology must be clothed in living flesh and blood The most essential gift to be imparted to the beginner is a real interest in the subject and a real power of dealing with it even when familiar formulas fail him He ought to be able to do riders in Psychology as he does riders in Euclid It is true that there are students who cannot advance so far from lack of natural endowment But even for them a treatment full enough to be interesting and so rememberable is better than arid and dogmatic statements Certainly the teacher who needs Psychology for educational purposes would do better to leave the subject alone altogether than to learn it in a merely external way Preface PsycINFO Database Record c 2010 APA all rights reserved electronic version of 3rd 3d
