

TEN STEPS TO MINDFULNESS MEDITATION

Create time & space.
Choose a regular time each day for mindfulness meditation practice, ideally a quiet place free from distraction.

Set a timer.
Start with just 5 minutes and ease your way up to 15-40 minutes.

Find a comfortable sitting position.
Sit cross-legged on the floor, on the grass, or in a chair your feet flat on the ground.

Check your posture.
Sit up straight, hands in a comfortable position. Keep neck long, chin tilted slightly downward, tongue resting on roof of mouth. Relax shoulders. Close eyes or gaze downward 5-10 feet in front of you.

Take deep breaths.
Deep breathing helps settle the body and establish your presence in the space.

Direct attention to your breath.
Focus on a part of the body where the breath feels prominent: nostrils; back of throat; or diaphragm. Try not to switch focus.

Maintain attention to your breath.
As you inhale and exhale, focus on the breath. If attention wanders, return to the breath. Let go of thoughts, feelings or distractions.

Repeat steps 6-7.
For the duration of meditation session. The mind will wander. Simply acknowledge this and return to your breath.

Be kind to yourself.
Don't be upset if focus occasionally drifts or if you fall asleep. If very tired, meditate with eyes open and rearrange posture to more erect (but still relaxed) position.

Prepare for a soft landing.
When the timer goes off, keep eyes closed until you're ready to open them. Be thankful. Acknowledge your practice with gratitude.

Mindfulness Meditation Guide

Annelies Wilder-Smith

Mindfulness Meditation Guide:

Guided Meditation: A Mindfulness Meditation Guide for Stress Relief, Stop Anxiety and Depression (Mindfulness Meditation to Anxiety in Relationship With Self-hypnosis, Deep Sleep, Confidence to Cure Depression and Stress) Raymond Chandler, 2021-09-17 We will discover how the simplest of exercises can free you from the shackles of anxiety depression and insomnia And more we learn that not only can Guided Meditation and related exercises ease mental suffering but how more recent findings prove their indisputable positive effect on cancers and other debilitating diseases We find that the work of Buddhist monks has not only served as a lifelong dedication to their religious conviction but has also significantly altered the physical structure and activity within their brains You may have previously considered the developed brain an unchanging organ if nothing else let this book serve to prove this notion happily false Fall asleep faster and fall asleep instantly Learn the best meditation technique used to counter anxiety Get better sleep for hours and hours Sleep anywhere you want Use hypnosis therapy as a sleep medication Increase inner peace Practice mindfulness With this guide you will be guided through a self healing process a restoration process where you will recognize the old as it was and become a new happier better version of yourself You will release the shackles of the past and find joy and contentment in who you have become
