must follow the instructions of Jesus and look beyond the appearances to what is real Do not conform any longer to the pattern of this world but be transformed by the renewing of your mind Then you will be able to test and approve what God's will is his good pleasing and perfect will Romans 12:2 To begin to discover what God's will for you is let us go all the way back to the beginning in Genesis the first chapter you find God busy preparing a place for you On the First Day God created heaven and the first day's work is the calling of light or wisdom into expression Light represents intelligence and darkness represents undeveloped capacity Symbolically these are day and night Charles Fillmore Mysteries of Genesis P 14 On the Second Day God created the firmament the expanse of sky to separate the waters above aspiration from the waters below desire and God said Let there be an expanse firmament between the waters to separate water from water So God made the expanse and separated the water under the expanse from the water above it and it was so God called the expanse sky and there was evening and there was morning the second day Genesis 1:6-8 The second step in creation is the development of faith or the firmament the waters represent the unestablished elements of the mind unexpressed possibilities in mind There must be a firm starting point or foundation established This foundation or firmament is faith moving upon the unformed capacities of Spirit consciousness the divine Logos God as creative power gives forth the edict Let there be a firmament the first step or day in creation involves light or understanding and the second step faith in the knowing quality of mind Mysteries of Genesis P 16-17 On the Third Day God divided the waters below into dry land and seas the mineral kingdom as a provision for the growth of the vegetable kingdom and the land produced vegetation in bountiful supply all with the means of reproducing and continuing the creation process and God said Let the water under the sky be gathered to one place and let dry ground appear and it was so God called the dry ground land and the gathered waters he called seas and God saw that it was good Then God said Let the land produce vegetation seed bearing plants and trees on the land that bear fruit with seed in it according to their various kinds and it was so the land produced vegetation plants bearing seed according to their kinds and trees bearing fruit with seed in it according to their kinds and God saw that it was good and there was evening and there was morning the third day Genesis 1:9-13 The third step in creation is the beginning of the formative activity of the mind called imagination This gathers the waters together unto one place so that the dry land appears Then the imagination begins a great multiplication of forms and shapes in the mind Mysteries of Genesis P 18 On the Fourth Day God created the sun the greater light the moon the lesser light and the stars Thus was provided a source of Light and energy All of this in preparation for what is to come next and God said Let there be lights in the expanse of the sky to separate the day from the night and let them serve as signs to mark seasons and days and years and let them be lights in the expanse of the sky to give light on the earth and it was so God made two great lights the greater light to govern the day and the lesser light to govern the night He also made the stars God set them in the expanse of the sky to give light on the earth to govern the day and the night and to separate light from darkness and God saw that it was good and there was evening and there was morning the fourth day

Genesis 1 14 19 The fourth step in creation is the development of the two great lights the will and the understanding or the sun the spiritual I AM and the moon the intellect These are but reflectors of the true light for God had said Let there be light and there was light before the sun and the moon were created the firmament of heaven is the consciousness of Truth that has been formulated and established Mysteries of Genesis P 19 On the Fifth Day the animal kingdom emerges as God calls forth the creatures of the sea and sky to feed upon the provisions of the sea and land They too are blessed with all that is necessary to perpetuate creation as God commands them to be fruitful and multiply and God said Let the water teem with living creatures and let birds fly above the earth across the expanse of the sky So God created the great creatures of the sea and every living and moving thing with which the water teems according to their kinds and every winged bird according to its kind and God saw that it was good God blessed them and said Be fruitful and increase in number and fill the water in the seas and let the birds increase on the earth and there was evening and there was morning the fifth day Genesis 1 20 23 The fifth step in creation is the bringing forth of sensation and discrimination the creatures are thoughts the birds in the open firmament of heaven are ideas approaching spiritual understanding Water represents the unformed substance of life always present as a fecundating element in which ideas living creatures increase and multiply just as the earth produces a crop when sown with seed the birds represent the liberated thoughts or ideas of mind heavens Mysteries of Genesis P 22 On the Sixth Day we see calling forth the creatures of the land to further develop the animal kingdom and God said Let the land produce living creatures according to their kinds livestock creatures that move along the ground and wild animals each according to its kind and it was so God made the wild animals according to their kinds the livestock according to their kinds and all the creatures that move along the ground according to their kinds and God saw that it was good Genesis 1 24 25 On the sixth day of creation ideas of life are set into activity Cattle represent ideas of strength established in substance Creeping things represent ideas of life that are more subtle in their expression approaching closer to the realm of sense They are the micro organisms the beasts stand for the free energies of life that relate themselves to sensation Divine ideas are always instantly set into activity and it was so Mysteries of Genesis P 24 Having created all of these things as a provision for God's final creation
