Zen Driving:

Zen Driving K.T. Berger, 2011-07-13 Zen Driving can make each driving experience enjoyable whether it's a daily hour long drive to work or a ten minute run to the local Safeway You may well ask what is Zen driving The Japanese word zen literally means meditation and meditation means being fully aware fully in touch with your surroundings When you are in a meditative state you are in your natural self your Buddha self and you can do it while driving But why Zen driving The purpose of Zen Driving the book is to introduce you to your natural self which is what remains when you still your mind and ignore your chattering ego When you do this you gain confidence in your ability and finally you are that ability The frustrations of other drivers cutting you off or causing you to sit through two red lights because they're too timid to make a left turn on yellow will no longer make your blood pressure explode Zen Driving will teach you to look simply observe without qualification and then make your move Zen driving is effortless spontaneous nondeliberate It is being one with the road And in turn driving becomes a pathway to consciousness an activity that clears the mind and soothes the soul something to take with you all those other times when you're not behind the wheel

Traveling with Philosophes Ken Ewell, 2006-08 Join a fellow traveler on a walkabout through Paris and London and then travel with him across England Scotland and Wales After those walkabouts accompany him as he journeys across America and follows the equator to Australia Finally wander with him along the corridors of modern and postmodern philosophy and as he travels with old and new Philosophes who all voiced an opinion as regards this travel book It is a book that people won't buy won't read and won't praise Mark Twain After reading only a few pages I gave up the study of philosophy forever Voltaire I cannot look upon the book without shedding tears Bertrand Russell If I could only make a travel book like that I would be perfectly willing to die even anxious John Dewey I have seen a great many travel books in my time but none that this one reminds me of Will Durant This travel book is one third fabrication one third prevarication and one third barefaced lies However the rest of the book is the unadulterated truth Dr Morris A Nussbaum

How Emotions Work Jack Katz, 1999-11-15 In this book a professor of sociology reveals the extraordinarily poetic and coherent logic of emotional experience and revolutionizes the study of this enigmatic and essential aspect of human life 67 illustrations

The Alchemy of Illness Kat Duff, 1993 Illness is a universal experience There is no privilege that can make us immune to its touch We are taught to assume health illnesses being just temporary breakdowns in the well oiled machinery of the body But illness has its own geography its own laws and commandments At a time when the attention of the whole nation is focused on health care Kat Duff inquires into the nature and function of illness itself Duff a counselor in private practice in Taos New Mexico wrote this book out of her experience with chronic fatigue syndrome but what she has to say is applicable to every illness and every one of us For those who are sick this book offers solace and recognition For those who care for them either physically or emotionally it offers inspiration and compassion Finally this fresh perspective on healing reveals how every illness is a crucible that tries our mettle tests our limits and provides us with
