Harms,Chu-Hsiang (Daisy) Chang,2026-02-09 This volume examines how rapid workplace changes from remote work to AI and gig economies impact stress and well being It offers timely insights into the evolving nature of work and its psychological social and organisational consequences **Cybersecurity For Dummies** Joseph Steinberg,2025-03-11 Get the know how you need to safeguard your data against cyber attacks Cybercriminals are constantly updating their strategies and techniques in search of new ways to breach data security shouldn t you learn how to keep yourself and your loved ones safe Fully updated with information on AI hybrid work environments and more Cybersecurity For Dummies is the best selling guide you need to learn how to protect your personal and business information from the latest cyber threats This book helps you build stronger defenses with detailed instructions on how to protect your computer your online data and your mobile devices Learn how to set up the right security measures and prevent breaches as well as what to do if your information or systems are compromised Learn about the different types of cyberattacks and how to defend against them Beef up your data security for hybrid work environments and cloud storage Keep your family members safe against deepfake and other social engineering attacks Make sure you have a plan to respond quickly and limit damage in the event of a breach Ideal for businesses and individuals who want to be cyber secure Cybersecurity For Dummies is also a great primer for anyone interested in pursuing a career in cybersecurity **Routledge Handbook of Esports** Seth E. Jenny,Nicolas Besombes,Tom Brock,Amanda C. Cote,Tobias M. Scholz,2024-09-24 The Routledge Handbook of Esports offers the first fully comprehensive interdisciplinary study of esports one of the fastest growing sectors of the contemporary sports and entertainment industries Global in coverage the book emphasizes the

multifaceted nature of esports and explores the most pressing issues defining the competitive video gaming landscape today. Featuring the work of 93 leading esports academics and industry specialists from around the world and rigorously peer reviewed, the book is structured around ten key themes: 1 Introduction to Esports, 2 Esports Research, 3 Esports Players, 4 Esports Business and Management, 5 Esports Media and Communication, 6 Esports Education, 7 Critical Concerns in Esports, 8 Global Esports Cultures, 9 Esports Future Directions, and 10 Key Terms Definitions. Examining the current state of esports, emerging areas of interest, and the ongoing debates shaping the esports industry, each of the 62 chapters offers key highlights, an assessment of the latest research, practical esports examples, and recommendations, and is complemented by enlightening case studies or industry interviews. For further academic and professional depth, chapters also include a guide to recommended additional resources, explaining technical terms and gaming jargon in a user-friendly manner, and maintaining a balanced tone throughout. This handbook is essential reading for any student or researcher with an interest in esports, gaming, or sport studies, and for any practitioner or policy maker working in the esports industry.

[Stock Market Investing For Beginners: Essential Tactics For 2026 success](#) Barack A. Bender, 2025-12-28. The stock market is no longer reserved for insiders, Wall Street elites, or people with massive capital, and in 2026 those who understand this will win. Stock Market Investing for Beginners is your clear, confident entry point into building real wealth in an AI-powered investing era that rewards knowledge, discipline, and smart action. Have you ever felt overwhelmed by charts, jargon, and endless expert opinions? Do you worry about investing at the wrong time or losing hard-earned money? What if you could finally invest with clarity, without fear, confusion, or guesswork? This book begins where most guides fail: with you. Barack A. Bender takes you through the mindset of a beginner standing at the edge of the market: curious, cautious, and determined not to make costly mistakes. Through relatable stories, real-life scenarios, and modern examples shaped by AI-driven markets, you'll see how everyday people moved from hesitation to confident investing, one smart decision at a time. This is not a textbook; it's a practical playbook for today's and tomorrow's market conditions, written in plain language, grounded in logic, and designed to help you grow steadily rather than gamble recklessly. Why this book belongs in your hands: Owning this book means you'll finally understand how the stock market truly works in 2026, not how it worked decades ago. How AI data and technology are reshaping investing opportunities. How to protect your money while positioning it for long-term growth. How to invest with confidence, even as a complete beginner. What this book helps you achieve: Inside, you'll learn how to build a solid investing foundation from scratch, avoid beginner mistakes that wipe out portfolios, identify high-quality stocks in AI-driven markets, develop long-term strategies that outperform emotional trading, invest consistently even during uncertainty and volatility. Here's a small spoiler: the most powerful investing advantage isn't timing the market; it's understanding behavior systems and discipline. This book shows you how. But what if I'm not ready yet? No experience? This book was written specifically for beginners. Afraid of losing money? You'll learn risk management before you ever invest a dollar. Think it's too late? The AI era

has opened new doors and this book shows you how to walk through them Short on time The strategies are designed to be simple focused and realistic Whether you re just starting your financial journey rebuilding after mistakes or finally ready to take control of your money this guide meets you at your level without pressure or hype A perfect gift for First time investors Young professionals and graduates Parents planning long term wealth Anyone curious about AI driven investing Friends and family ready to grow financially in 2026 The best time to learn investing was years ago The second best time is now Grab Stock Market Investing for Beginners today and take your first confident step toward building wealth smartly safely and successfully in the markets of tomorrow **Beginner's manual of submarine cable testing, and working** G. M.
