autistic needs but because they are so heightened by exhaustion and so much in need of downtime recharge time Every single day in school is so draining that all time out of school is needed to lift the lid on their emotions reregulate recharge and hibernate away from the world This is a lost childhood These are the children whose parents felt that during lockdown they got their child back and saw their child smile or laugh again That s not ok This is not an ok way for a child to live This is not thriving it is barely surviving These children end up in a constant state of high alert becoming like meerkats always on the look out for the next uncomfortable feeling bodies flooded with cortisol This over prolonged periods of time causes trauma and leads to that full scale burnout the cumulative impact of being in an environment that is not conducive to your neurology This book aims to help parents and professionals identify and take steps to prevent low level burnout erupting into longer term shutdown and provides advice and guidance to support recovery if shutdown has occurred The Complete Anime Guide Trish Ledoux,Doug Ranney,1997 The one stop reference to Japanese animation Everything you ever wanted to know about anime in America More than 1 200 home video titles an alphabetical listing of ever domestic anime home video available during 1996 including video sleeve reproduction program synopsis production credits technical notes and content advisory Television series a review of most of the Japanese animated TV series broadcast in the U S including synopsis cast of characters and production credits Anime suppliers Fan Resources Anime genres **Anime!** Helen McCarthy,1993
