Sub Commander Tactics Strategies For:

Sub Commander Richard G. Sheffield,1987 **Strategy in Poker, Business & War** John McDonald,1996-07-17
Whether your primary interest is to improve your card game or put together a political coalition here you will be enjoyably instructed in an approach to strategy that has caught the imagination of a generation of readers John McDonald looks at the elusive thread of opposition and conflict that runs through human interrelationships from the striking of a bargain to the clash of war He discusses poker game theory as it applies to games but mainly to business the strategies of buyers and sellers and finally military and other applications *Exercises in Strategy and Tactics* Hugo von Gizycki,1915 *Practical Field Exercises in Minor Tactics and Strategy* John Philip Wisser,1903 **A Strategy For Terminating A Nuclear War** Clark C Abt,2021-11-28 Avoiding a nuclear war or ending one if avoidance fails is an important but relatively unexplored aspect of nuclear doctrine Dr Abt examines the feasibility of antagonists agreeing to exclude their open cities from nuclear targeting and to replace strategic bombardment with retaliatory invasion to create less of a hair 1 trigger deterrent Critical net assessments by U S strategists and the effects of such a strategy on the Soviet Union and on U S allies are considered along with problems implementation might pose The author contends that both deterrence and the potential for limiting damage are strengthened by pre war plans for a nuclear ceasefire and stalemate short of holocaust **Exercises in strategy and tactics [by H. von Giżycki], tr. by S. Wilkinson** Hugo von Giżycki,1887 [The Submariner's Dictionary Or Submariner's Compendium of Terms & Tar's Handbook of Naval Verbiage and Retired Guy's Re-familiarization Manual](#) Ron Martini,2005 Submariners are a tight knit group of men bound together by training and experience and with a language all their own That language is perhaps a little vulgar but never intentionally demeaning and a little irreverent but still worldly This work is an attempt to preserve and explain some of these curious guys who so proudly wear a shiny metal pin that looks like a strange pair of fish on their left breast This process of accumulating this new language begins in Boot Camp and is added to with every change of duty station the sailor undergoes It is heard aboard the boats and unknowingly by family members who can t understand terms like head deck and overhead and who think SOS is a distress signal [Routledge Handbook of Medieval Military Strategy](#) John D. Hosler,Daniel P. Franke,2024-12-13 This Handbook provides the first comprehensive and global analysis of medieval military strategy covering the period from the sixth to the seventeenth century Challenging the widely held notion in modern strategic studies that medieval strategy was non existent the Handbook brings together leading scholars to explore a range of literatures campaigns laws and contexts that highlight medieval warfare s multifaceted contours The scope of the work is ambitious with over 30 chapters dedicated to analyzing strategy across six continents From Charlemagne to Henry V and Scandinavia to Florence southbound to Morocco then across the Sahara to Kongo past the Adriatic to Byzantium and Georgia and the Crusades and Egypt further still into Indian and Chinese dynasties and Japan and finally to Central and South America this Handbook provides ready access to military

strategy across the medieval world stage In the process it fills a significant gap in the history of strategy and serves to connect the ancient world with the modern demonstrating that whatever the period military leaders have consistently plied warfare in the pursuit of greater ends This Handbook will be of much interest to researchers and students of military strategy medieval military history and strategic studies in general
