Sublime Odyssey Stanley Ukeni, 2000-01-01 **Hermathena**, 1911 The English Novel, Vol II Richard. W. F. Kroll, 2014-07-21 *The English Novel Volume II* Smollett to Austen collects a series of previously published essays on the early eighteenth century novel in a single volume reflecting the proliferation of theoretical approaches since the 1970s The novel has been the object of some of the most exciting and important critical speculations and the eighteenth century novel has been at the centre of new approaches both to the novel and to the period between 1750 and 1800 Richard Kroll's introduction seeks to frame the contributions by reference to the most significant critical discussions These include the general importance of sentimentalism as a cultural movement after 1750 its relationship to the emergence of the Gothic novel as a specific genre or mode the rapid rise in the number of women novelists in the later eighteenth century the relationship between the novel as mediator of social relations and the idea of the public sphere the relationship between novelistic codes and the massive growth of a consumerist society the class conflicts of writers like Smollett the effect on the novel of the new British nation and the effects of the French Revolution and the subsequent political debates on writers like Wollstonecraft Godwin and Austen This collection will be of interest to students of the later enlightenment and also to all who are interested in late eighteenth century radicalism and the general relationship between literature history and politics

Selected Poems Patrick Longe, 2009-11-24 a philosophical thread through the underpinnings of one man's outlook on the mind's journey a voice so wrangled you can almost hear the tone and emphasis give shape to meaning **Critical Moments in Classical Literature** Richard Hunter, 2009-05-28 Through a series of innovative critical readings Richard Hunter builds a picture of how the ancients discussed the meaning of literary works and their importance in society He pays particular attention to the interplay of criticism and creativity by not treating criticism in isolation from the works which the critics discussed Attention is given both to the development of a history of criticism as far as our sources allow and to the constant recurrence of similar themes across the centuries At the head of the book stands the contest of Aeschylus and Euripides in Aristophanes Frogs which foreshadows more of the subsequent critical tradition than is often realised Other chapters are devoted to ancient reflection on Greek and Roman comedy to the Augustan critic Dionysius of Halicarnassus to Longinus On the Sublime and to Plutarch All Greek and Latin is translated Between the Posts Michael Patterson, 2015-05-27 This is a collection of inspiring and motivating thoughts and ideas by Michael Patterson 155 powerful practical suggestions techniques and key questions that will enable you to supercharge your goals move forward and unlock the confidence you need to innovate influence and turn passion into profit Are you ready to lead Then prepare to win Great teams need great leaders Become a penalty taker who delivers outstanding results time after time Cogito and the Unconscious Slavoj Zizek, 1998-04-08 Edited volume that discusses the relationship of philosophy and psychoanalysis
