American Science Fiction Film and Television Lincoln Geraghty, 2009-10-01 American Science Fiction Film and Television presents a critical history of late 20th Century SF together with an analysis of the cultural and thematic concerns of this popular genre Science fiction film and television were initially inspired by the classic literature of HG Wells and Jules Verne The potential and fears born with the Atomic age fuelled the popularity of the genre upping the stakes for both technology and apocalypse From the Cold War through to America's current War on Terror science fiction has proved a subtle vehicle for the hopes fears and preoccupations of a nation at war The definitive introduction to American science fiction this is also the first study to analyse SF across both film and TV Throughout the discussion is illustrated with critical case studies of key films and television series including *The Day the Earth Stood Still* *Planet of the Apes* *Star Trek The Next Generation* *The X Files* and *Battlestar Galactica*

Welcome to Elm Street Wayne Byrne, 2022-03-31 Wes Craven's *A Nightmare on Elm Street* is one of the most inventive American films of the 1980s Its sleeper success bred a series of film sequels and a syndicated television program while its villain Freddy Krueger became a Hollywood horror icon for the ages In the four decades since its release Craven's creation and subsequent franchise has become firmly established as a pop culture institution and a celebrated symbol of American cinema This book takes readers on an engrossing journey through the history production and themes of the *Nightmare on Elm Street* film series and its spin off TV show *Freddy's Nightmares* It reveals new stories about the franchise's history and dives into some of the themes and ideas that tend to be overlooked The book has a foreword by production designer Mick Strawn and exclusive interviews with cast and crew including legendary Freddy Krueger actor Robert Englund directors Jack Sholder Chuck Russell Mick Garris Tom McLoughlin Lisa Gottlieb and William Malone cinematographers Jacques Haitkin Roy H Wagner and Steven Fierberg and many more

Otherhood Kathryn Van Beek, Alie Bengel, Lil O'Brien, 2024-05-09 In New Zealand the number of people who will never have children is growing and they're pushing back against the narrative that if they don't their lives will be somehow less than *Otherhood's* essays are by writers who've felt on the outside looking in who've lived unexpected lives and who've given the finger to social expectations Some chose to be childfree some didn't get to choose and some through bereavement or blended family dynamics ask themselves Am I a mother or am I other Thought provoking moving and often hilarious *Otherhood* opens a more inclusive conversation about what makes a fulfilling life
