 Kingdon,2000 *Successful Business Process Management* Paula Berman,2014-04-23 This book has done all the homework
 for you and provides a succinct accessible overview on the training and tools available for process improvement that fills that
 gap of being not too rigid nor too blas Too few standard procedures within an organization and inefficiency will inevitably
 ensue But too many and creativity is stifled This catch 22 is enough to make heads spin How does one settle on the perfect
 mix that will streamline activities and create smooth workflows In *Successful Business Process Management* you will
 discover step by step instructions that explain how to Overcome resistance and apathy to standard procedures Take a
 systematic rather than ad hoc approach to process management Design key processes and capture them in documented
 procedures Revise existing processes when feasible Roll out the changes so people know what to do Embed them in the
 organization for reliable outcomes With the increasingly complex organizations of the twenty first century it is vital that
 companies have standard documented processes and procedures in order to achieve high levels of quality and productivity
 yet they can t afford to dampen the innovation that got them on the map in the first place *Successful Business Process
