The Lucrative Dog Breeding Business Vincent Ellwood, 2018-10-19 A dog breeding business is not a business for everyone however if you know a lot about a certain breed and have the desire to turn your interest in canines into a full time and long time pursuit a dog breeding business may be the best opportunity for you Dog breeding will absolutely be personally and financially rewarding but does require a lot of patience hard work knowledge and commitment but if you are up for the challenge then shoot for the gold Breeding is a continual learning process thus it is highly recommended that you research on the appearance history temperament feeding habits and other important information on your chosen breed beforehand You should also research on the grooming and training needs for your breed Read on and learn the important steps to take when planning to start up a dog breeding business

Step 1 Know the requirements It is important to know the standard requirements for you breed if you plan on the dog being a member of a professional dog breeding community like the American Kennel Club AKC Another important thing to keep up with when starting a dog breeding business is the breed trends You should also join and participate in local dog breeders associations to start a good relationship in the dog breeding industry as well as to keep up with the latest dog breeding news and information A good idea also is to have your dog participate in competitions which will allow you to ask a higher price for your dogs puppies

Step 2 Dog Evaluation Before purchasing dogs for the breeding purpose make sure they have undergone a thorough and careful evaluation Before you start training and breeding you must know everything about the dog This will help you prevent problems along the breeding line

Step 3 Good record keeping You need to always have the following dog records and always keep them updated proof of registration medical history and any other document on the dog A customer

may ask you for these documents or others to get a proof of pedigree A dog breeding business without all the documentations ready to go is not reputable Step 4 Set up a kennel The dogs for breeding will have to have a safe place to stay after you have bought them Registering a kennel that only has 2 or 3 dogs is not required in most cases If you want you can name your kennel and register your chosen name with the American Kennel Club AKC Registering with the AKC is a great way or advertising your dog breeding business The above mentioned steps are just the basic of starting up a business in dog breeding but of course you also need to learn how to provide an ample amount of care to your female dogs while they are pregnant Be sure you are prepared for the birth process and that you will do the necessary things Now you should be ready to kick start your business I wish you a successful dog breeding business by the time you finish reading this manual you would be over excited to start the business
