Succession Between International Organizations:

Succession Between International Organizations Patrick R. Myers, 2013-08-21 First Published in 1993 Succession between international organizations is a controversial topic What is it about the topic that provokes such diverse reactions Is there really such a thing as succession between international organizations Does it resemble any other form of succession or is it something completely different The present study is an attempt to shed some light on this little known area of international law *Succession Between International Organizations*, 1993 The thesis covers the subject of succession between international organizations from both the theoretical and practical perspectives The study establishes first a conceptual framework by examining the notion of succession as it has evolved in municipal law and the law of state succession and explains how the term applies to succession between international organizations Then through numerous examples taken from international practice and court decisions the study presents a typology of the forms of succession between international organizations the legal basis of such succession and finally the effects of succession on functions treaties property funds liabilities and employees

Judicial Decisions on the Law of International Organizations Cedric Ryngaert, Ige F Dekker, Ramses A Wessel, Jan Wouters, 2016-03-10 With the rising relevance of international organizations in international affairs and the general turn to litigation to settle disputes international institutional law issues have increasingly become the subject of litigation before both international and domestic courts The judicial treatment of this field of international law is addressed in *Judicial Decisions on the Law of International Organizations* through commentary on excerpts of the most prominent international and domestic judicial decisions that are relevant to the law of international organizations providing in depth analysis of judicial decisions The commentaries written and edited by leading experts in the field of international institutional law they are opinionated and critically engage with the decision in question with commentators and stakeholders reactions thereto and with later decisions codifications and reports *The nature of succession between international organizations* Andrea Giuseppe Mochi Onory, 1968

Cases and Materials on the Law of International Organizations William Thomas Worster, 2020-07-22 In less than 100 years international organizations have evolved from curiosities into keystones of international law What began long ago as an unremarkable effort to coordinate a limited number of technical issues has grown into a global multilevel blended governing project with diverse competences in most fields of human endeavor and interests Law graduates who enter the field of international law as well as political science international relations and diplomacy are increasingly expected to have a strong knowledge of the law of international organizations Beyond knowledge graduates are also expected to be able to solve new emerging legal problems confronting organizations This book introduces students to the law of international organizations through the careful study of the most recent cases and other materials from the International Court of Justice United Nations Security Council and General Assembly World Trade Organization international criminal tribunals European Union European Court of Human

Rights International Labour Organization various domestic courts and arbitral panels and other bodies In doing so it undertakes a critical examination of legal rights and duties exposing the fundamental questions that arise when addressing a range of issues within an organization In order to provide the best foundation the textbook focuses on several key topics the law of treaties creation of organizations membership powers of organizations legal effects of their acts organs immunities and responsibility This book is best suited for students who are studying international organizations and who have already had one or more courses on international and or European law

Research Handbook on the Law of International Organizations Jan Klabbers,Asa Wallendahl,2011-05 This pioneering Research Handbook with contributions from renowned experts provides an overview of the general doctrines making up the law of international organizations The approach of this book is taken from a novel perspective that of the tension between functionalism and constitutionalism In doing so this Handbook presents not only practically relevant information but also provides a tool for understanding the ways in which international organizations work It has separate chapters on specific constitutional topics and on two specific organizations the EU and the UN Research Handbook on the Law of international Organizations will be of particular interest to academics and graduate students in the fields of international law international politics and international relations

Akehurst's Modern Introduction to International Law Peter Malanczuk,2002-04-12 First published in 2002 Routledge is an imprint of Taylor Francis an informa company

Fundamental Perspectives on International Law Tracy H. Slagter,John D. Van Doorn,2022-12-15 How does international law impact the behavior of states This book designed for students in multiple disciplines offers a comprehensive accessible introduction to the law of nations detailing the evolution of state practice in response to an ever changing diverse world In this new edition of William Slomanson s foundational text the new authors Professors Slagter and Van Doorn trace how states manage their sovereignty in myriad ways working through treaties international organizations and international courts to secure their own as well as global interests With special emphasis on five key areas human rights the use of force human security and humanitarian intervention environmental protection and economic relations the authors illustrate both the power and limits of international law to provide structure and predictability on a globalized planet Real world problem sets annotated bibliographies and a practical guide to studying international law make this a text that students and instructors alike will appreciate
