Sufism and Power in the Ottoman Empire Kameliya N. Atanasova, 2025-05-31 This book contributes to the growing scholarship on the political dimensions of Ottoman Sufi thought and practice by examining the intersections of self representation and religious authority in the writings of Ismail Hakki Bursevi 1653 1725 a prolific Sufi master well known Qur an exegete and advisor to Ottoman officials The book highlights the political aspirations of this prominent early modern Sufi through a focus on Bursevi s self portraits as one of the most important religious figures of his age By paying attention to the individual communal and institutional aspects of his authority construction the book sheds light on how intellectuals like Bursevi navigated an increasingly competitive market of religious ideas in the Ottoman late seventeenth and early eighteenth century More broadly Sufism and Power challenges the notion that Sufi authority is necessarily charismatic and argues that

the social context in which Bursevi lived points to alternative theorizations of religious authority as a discourse Classical Islam and the Naqshbandi Sufi Tradition Muhammad Hisham Kabbani,2004 The Naqshbandi Sufi Tradition is one of the most distinguished and respected schools of Islamic spirituality Its long and glorious history stretches back to the earliest days of Islam and it has always played a central pivotal role in the life of the Muslim world Led by the shaykhs of the Golden Chain inheritors of the secret knowledge of the prophets and saints the Naqshbandi Order survived the turmoil and tribulations of the past century and remains one of the few authentic mystical traditions that still maintains a living link with its ancient past Now for the first time the history and teachings of the Naqshbandi Way are being made available to the public Classical Islam and the Naqshbandi Sufi Tradition is the most detailed and authentic book ever written about a Sufi order in English Providing a comprehensive history of the Naqshbandi Tradition the author Shaykh Muhammad Hisham Kabbani one of the most respected teachers of Islamic spirituality in the world today traces the lives of its foremost teachers from Prophet Muhammad upon whom be peace to the present Their life stories are intimately woven with landmark events of history from the time of the Companions to the fall of the Ottoman Empire and the reemergence of Islam in the former Soviet Union However this book also contains much more It details the fundamental principles of the Sufi path and the primary teachings of the Naqshbandi Order exploring the doctrines and philosophy behind this important current in spiritual thinking
