**Usaf Air Commando Secret Wars from Laos to Latin America** Eugene D. Rossel,2016-07-15 The Air Commando secret wars happened mostly during the Vietnam War time frame and was a global effort involving USAF volunteer personnel who were given official military orders that did not necessarily specify the country they served in and civilian clothes were many times authorized Later they had great difficulty proving that they served in many of these countries which affected their future VA care These operations were used to strengthen normally a poor country with little military resources and training with secret warriors frequently being there doing some of their legwork behind the scenes All the operations were tight lipped frequently forbidden to tell families where you were and what you were doing As an example Capt Bob Simpsons death the first fighter pilot KIA in Vietnam in August 1962 became a total fabrication of where why and how and took a number of years before the government came clean because of my efforts Secret wars have a long history and they will continue because of the interest of more powerful nations with their less fortunate brethren [Air Commando One](#) Warren

created logistical nightmares Annual rainfall varied from 200 inches in the Rangoon area to 100 inches in the hills and up to 45 inches in the northcentral dry zone Military forces avoided the monsoon rains mid May to late October restricting their operations to the dry season In the tropical climate malaria and other diseases could also bring operations to a standstill Almost everything the Air Commandos did was an important First First air unit designed to support a ground unit First composite air unit First air unit employed with total autonomy First aerial invasion into enemy territory First nighttime heavy glider assault landing First night combat glider recovery First glider airlift of large animals First major employment of light airplanes in combat First air unit to employ helicopters First rescue by combat helicopter First firing of rockets from aircraft in combat *U.S. Air Services*, 1945 **Apollo's Warriors: U. Military, Department of Defense (DoD), Michael E. Haas, U. S. Air Force (USAF), 2017-04-09 In *Apollo's Warriors* Michael Haas brings to life the critical albeit little known contributions US Air Force special operations forces have made to the exercise of air and space power The author focuses in particular on the period between the Korean War and the Indochina wars of 1950-79 The Korean War marked the first major use of Air Force special operations capabilities during the cold war Capabilities previously employed during the Second World War were quickly resurrected and used to conduct unconventional warfare missions on the land and sea as well as in the air Once these capabilities were available USAF special operations personnel found themselves constantly engaged in psychological covert and search and rescue operations far north of the 38th parallel until the war ended in 1953 During the period between 1953 and the initial force deployments to Laos and South Vietnam in the early 1960s the Air Resupply and Communications ARC units had the primary responsibility for USAF special operations The role of USAF special operations changed dramatically with the increased involvement of the United States in the Second Indochina War One of the more interesting changes was the reconstitution of the Air Commando concept of the Second World War During that war the Air Commandos conducted effective aerial invasions throughout the China Burma India theater Building on this legacy the Air Commandos of the Vietnam era initially were the focal point for training Laotian pilots and conducting unconventional warfare operations in Laos By 1968 they had proved so valuable that their role had been expanded to encompass all USAF special operations in Indochina As a reflection of this broader mission the Air Commandos were renamed the Special Operations Forces CONTENTS PRELUDE BEFORE THE BEGINNING Special Operations in Europe The Air Commandos KOREA THE RETURN TO WAR THE SHADOW WAR The War Center Stage The War behind the Curtain Aviaary and Unit 4 in Action SPECIAL AIR MISSIONS FIREFLY LEAFLET AND PICKUP OPERATIONS NICHOLS S ONE MAN WAR SPECIAL OPERATIONS BY USAF SAILORS USAF S SECRET PSYWAR WEAPON Organizations and Missions Tales of the 581st COVERT WAR THE AIR RESUPPLY AND COMMUNICATIONS SERVICE A Chilling Fear An Agency outside DOD Makes a Request Going Too Fast Psywarriors from Georgetown University to Fort Benning The Air Resupply and
