Veiled Bride:

The Bride's Veil Marisa Livet, 2014-11-26 The same three Irish characters who were the protagonists of *The Perilous Art of Forgetting* William Collins Peter Boyle and Reginald McKenzie are back A few years have passed since then and they have left Ireland to start a new page of their life in charming Tuscany Once again they get involved against their will and expectation in dramatic happenings and mysterious murders and have to summon up their speculative intellectual talents to unravel the evidences and the plots What s happened to the beautiful rich and spoilt Fiammetta Innocenti only a few days before her wedding Was she really killed by Giorgio Cini the photographer *Harper's New Monthly Magazine*, 1873

Harper's New Monthly Magazine Henry Mills Alden, 1873 Harper s informs a diverse body of readers of cultural business political literary and scientific affairs Myths and Tragedies in Their Ancient Greek Contexts R. G. A. Buxton, 2013-07-25

This work brings together Richard Buxton s studies of Greek mythology and Greek tragedy focusing especially on the interrelationship between the two Situating and contextualising topics and themes within the world of ancient Greece he traces the intricate variations and retellings which they underwent in Greek antiquity **Women in the Ancient Near**

East Marten Stol, 2016-08-08 *Women in the Ancient Near East* offers a lucid account of the daily life of women in Mesopotamia from the third millennium BCE until the beginning of the Hellenistic period The book systematically presents the lives of women emerging from the available cuneiform material and discusses modern scholarly opinion Stol s book is the first full scale treatment of the history of women in the Ancient Near East **Off with Her Head!** Howard

Eilberg-Schwartz, Wendy Doniger, 1995-11-14 Whereas many books look at how women s bodies are represented in different religions and cultures around the world this work explores the site of a woman s voice and identity her head The female head threatens to disrupt the classic gender distinctions that link men to speech identity and mind while relegating women to silence anonymity and flesh The contributors to this collection argue that the objectification of women as sexual and reproductive bodies results in their symbolic beheading Decapitation occurs symbolically in myths as well as in actual practices such as veiling head covering and cosmetic highlighting which by sexualizing a woman s face turns it into an extension of her body The essays explore how similar treatments of the female head find their unique articulation in diverse religious traditions and cultures in Hindu myths of beheading in Buddhist and Tantric practices and poetry about the hair of female nuns in the resistance to veiling by early Christian women at Corinth in contemporary veiling practices in a Turkish village in the eroticization of the female mouth in ancient Judaism and in Greek and Roman cosmetic practices Together these essays show how the depiction of the female head is critical for an understanding of gender and its influence on other fundamental religious and cultural issues **A Dictionary of the Bible: Kir-Pleiades** James Hastings, John Alexander
