**Brazil** International Monetary Fund. Monetary and Capital Markets Department, 2018-11-30 The Central Bank of Brazil BCB has shown a determined commitment to enhancing its standards and practices of banking supervision Changes in the thinking and practices of the BCB s supervision are not limited to responses to the demands of the international regulatory reform agenda Overall the BCB has been guided by the principle of integration both in terms of the expectations that it places on its own internal operations

but on the standards it expects the financial institutions to meet in governing their own risks and activities One example is the BCB s innovative and challenging work in the field of contagion analysis at the systemic level which is a perspective it also seeks to embed in its analysis of contagion risk in its prudential work at firm level Boosting staff levels in conduct supervision introducing a form of twin peaks contagion risk analysis and the prudential conglomerate approach also exemplify welcome developments
