Terror Or Love:

Love and Terror William Herrick, 1982-02 Now available as a New Directions paperback Love and Terror William Herrick's second novel with ND both reflects and anticipates today's headlines Terrorist kidnappings hijackings and dramatic rescues all form a part of the plot but Herrick's interest lies less in tension filled heroics than in the human cost of flawed idealism Through the notebook of the principal terrorist Viktor X the complex characters of Viktor and Gabriele for whom love and terrorism are intertwined and inseparable are revealed And in a series of interviews with a nameless reporter the lives of three disillusioned revolutionaries the old ones now hostages to a new brand of revolution gradually and movingly unfold In his earlier *Shadows and Wolves* New Directions 1980 Herrick showed us the possibility of human solutions that transcend politics In *Love and Terror* he shows us why any ideology inflexibly adhered to makes such solutions necessary

Terror, Love and Brainwashing Alexandra Stein, 2021-03-17 This book explains how people can be radically manipulated by extreme groups and leaders to engage in incomprehensible and often dangerous acts through psychologically isolating situations of extreme social influence These methods are used in totalitarian states terrorist groups and cults as well as in controlling personal relationships Illustrated with compelling stories from a range of cults and totalitarian systems Stein's book defines and analyses the common identifiable traits that underlie these groups emphasizing the importance of maintaining open yet supportive personal networks Using original attachment theory based research this book highlights the dangers of closed isolating relationships and the closed belief systems that justify them and demonstrates the psychological impact of these environments ending with evidence based recommendations to support an educational approach to awareness and prevention Featuring a foreword by John Horgan the new edition has been fully updated to include recent work on political extremism and radicalization and totalitarian systems as well as the recent highly publicized NXIVM case *Terror Love and Brainwashing* second edition is essential reading for professionals policy makers legal professionals educators and cult survivors and their families themselves
