Text And Truth:

Truth Seeker, 1895 **Real Knowing** Linda Martín Alcoff, 2018-10-18 Real knowing always involves a political dimension Linda Martín Alcoff suggests But this does not mean we need to give up realism or the possibility of truth Recent work in continental philosophy insists on the influence that power and desire exert on knowing whereas contemporary analytic philosophy largely ignores these political concerns in its accounts of justification and truth Alcoff engages these traditionally conflicting approaches in a constructive dialogue effectively spanning the analytic continental divide In provocative readings of major figures in the continental tradition Alcoff shows that the work of Hans Georg Gadamer and Michel Foucault can help rectify key problems in coherence epistemology such as the link between coherence and truth She also argues that discussions about knowledge among continental philosophers can benefit from the work of analytic philosophers Donald Davidson and Hilary Putnam on meaning and ontology Alcoff makes a compelling case for the need to address truth as a metaphysical issue in contrast to minimalist tendencies in Anglo American philosophy and deconstructionism on the continent Her work persuasively argues for coherentist epistemology as a more realistic reconfiguration of the ontology of truth **The Evangelical Repository and United Presbyterian Worker**, 1875 **The Destructionists** Dana Milbank, 2022-08-09 NEW YORK TIMES BEST SELLER A scalding history of twenty five years of Republican attempts to hold on to political power by any means necessary by a hugely popular Washington Post political columnist A thorough and scathing account of how the Republican Party fell prey to Trumpism The New York Times Book Review In 1994 more than 300 Republicans under the command of obstructionist and rabble rouser Congressman Newt Gingrich stood outside the U S Capitol to sign the Contract with America and put bipartisanship on notice Twenty five years later on January 6 2021 a bloodthirsty mob incited by President Trump invaded the Capitol Dana Milbank sees a clear line from the Contract with America to the coup attempt In the quarter century in between Americans have witnessed the crackup of the party of Lincoln and Reagan to its current iteration as a haven for white supremacists political violence conspiracy theories and authoritarianism Following the questionable careers of party heavyweights Newt Gingrich Karl Rove Mitch McConnell and Rudy Giuliani and those of many lesser known lowlights Milbank recounts the shocking lengths the Republican Party has gone to to maintain its grip on the American people *1 Esdras* Dieter Böhler, 2016-07-06 *1 Esdras* is an alternative version of the book of Ezra Nehemiah in the Septuagint Most Eastern Orthodox churches accord the book canonical status This is the first commentary on *1 Esdras* based on the critical text of the Göttingen Septuagint edition It understands *1 Esdras* not simply as a fragment of the Chronistic history or as merely a compilation but rather as a coherent narrative Its interpretation as a literary work and the reconstruction of its composition take into account both the historical backgrounds of the narrative setting of the Persian period and the historical location of the composition in the Hasmonaean period *1 Esdras* is currently enjoying a period of renewed attention in scholarship Its relationship to Ezra Nehemiah is seen

as a prime example of literary historical developments in Israel

Agatha Christie and New Directions in

Reading Detective Fiction Alistair Rolls, 2022-06-16 This book brings a new lens to the work of Agatha Christie through a series of close readings which challenge the official solutions by Hercule Poirot and Miss Marple This book s approach interweaves two core ideas first it explores the importance of French critic Pierre Bayard s self styled detective criticism second it takes detective criticism in a new direction by refocusing on the beginnings of Agatha Christie s novels In this way the book counters the end orientation that has traditionally dominated the reading experience of and critical response to detective fiction by exploring the potential of the beginning to host other interpretations and stories Offering a new way of reading detective fiction this book is a mixture of narratology and detective criticism and deploys it in the form of radical new readings of a number of Christie s most famous works This illuminating text will interest students and scholars of crime and detective fiction literary studies and comparative literature
