Zero At The Bone:

Zero at the Bone Christian Wiman, 2023-12-05 Christian Wiman braids poetry memoir and criticism to create an inspired career defining work Few contemporary writers ask the questions about faith morality and God that Christian Wiman does and even fewer perhaps none do so with his urgency and eloquence Wiman an award winning poet and the author of *My Bright Abyss* lays the motion of his mind on the page in this genre defying work an indivisible blend of poetry criticism theology and searing memoir As Marilynne Robinson wrote Wiman s poetry and his scholarship have a purifying urgency that is rare in this world It enables him to say new things in timeless language so that the reader s surprise and assent are one and the same *Zero at the Bone* begins with Wiman s preoccupation with despair and through fifty brief pieces he unravels its seductive appeal The book is studded with the poetry and prose of writers who inhabit Wiman s thoughts and the voices of Wallace Stevens Lucille Clifton Emily Dickinson and others join his own At its heart and Wiman s however are his family his young children who ask their own invaluable questions like Why are you a poet I mean why his wife and those he grew up with in West Texas Wiman is the rare thinker who takes on the mantle of our greatest mystics and does so with an honest profound and contemporary sensibility *Zero at the Bone* is a revelation [Zero at the Bone](#) John Heidenry, 2010-06-22 This haunting true crime tale brings to life the infamous 1953 kidnapping and murder of Bobby Greenlease The son of a wealthy Kansas City automobile dealer Bobby was just six years old when a pair of grifters Carl Austin Hall and Bonnie Heady snatched him away and set what was then the country s highest ransom ever paid Six hundred thousand dollars later Bobby was killed anyway setting off a chain of events that would culminate in notorious mobster Joe Costello stealing half the ransom and Hall and Heady s eventual double execution Told by acclaimed journalist John Heidenry in bone chilling detail and featuring a cast of characters ranging from underground crime bosses and hard boiled detectives to the victim s family and the murderers themselves this is the story of one of the most complex and least understood crimes in American history Book jacket *Zero at the Bone* Mary Willis Walker, 1991 Katherine Driscoll is just three weeks away from disaster foreclosure on her home and business even the sale of her beloved dog She has no hope of raising the 91 000 she so desperately needs until the father she hasn t seen for thirty years writes to her offering her enough money to solve her problems if she will do one thing in return But Katherine may never learn what that is When she arrives in Austin she is hours too late her father has died in a bizarre accident As she sifts through the cryptic notes he left behind she finds herself caught up in terrible family secrets and a deadly illicit trade The more she learns the more determined she becomes to prove her father s death was no accident In doing so Katherine will make a bitter enemy one desperate enough to kill and perhaps kill again [The Perseids](#) Karen E. Holmberg, 2001 *The Perseids* is a book of poems whose central concern is the way in which memory perception and imagination act as lenses to magnify experience creating a state of heightened observation and attention to detail The book contains two central points around which the other poems are clustered First the

Meditations in the Voice of Robert Hooke a series of two poems take on the persona of the seventeenth century microscopist and inventor Robert Hooke who was the first person to document verbally and graphically the micro world made newly visible by the invention of the microscope In these poems Hooke wonders at the fineness of creation and is moved to expressions of religious awe by the perfection in the forms of nature compared to those made by man In the second poem in this series Hooke recalls a summer day spent with his mother in their garden and meditates on the especial vividness of her presence with him in his memory and imagination despite her death many years before The other poem most critical to the collection is the title poem The Perseids A late twentieth century attempt to create a version of Wordsworth's Tintern Abbey this poem proceeds from a perspective common to several other poems in the collection that of an airplane This particular airplane is flying over the Long Island Sound at night bringing the speaker of the poem home Through the speaker's imagination and memory the perspective of the poem shifts from the airplane itself to a moment during a childhood camping trip when she first saw the Perseid star showers with her family The modes of vision and creativity involved in exploration and science form the main subjects and themes of this book whose settings include a biology fieldwork session the father's science classroom and Linnaeus's Lapland explorations Even poems not concerned explicitly with science such as Art and Archeology and The Zero at the Bone which concerns an exhibitionist place and portray experience under a microscope rendering the landscape with scrupulous detail

Wicked Women of Missouri Larry Wood, 2016 Marauders like Jesse James and the Younger gang earned Missouri the title of Outlaw State but the male desperadoes had nothing on their female counterparts Belle Queen of the Bandits Starr and Cora Hubbard kept Missouri's sensationalist newspapers and dime novelists in business with exploits ranging from horse thefts to bank heists Missouri native Ma Barker and her murderous sons rose to infamy during the gangster era of the 1930s while Bonnie Parker crisscrossed the state with Clyde Barrow From savvy burlesque dancers to deadly gold diggers historian Larry Wood chronicles the titillating stories of ten of the Show Me State's shadiest ladies

Zero at the Bone Michael Cadnum, 2015-09-29 His sister's disappearance threatens to tear a boy's family apart Cray is the first to smell smoke It's his 1st week on the job working alongside his father at the family plant and he's afraid of making a fool of himself So he waits on the factory floor the machines screaming and wood chips flying But he's finally certain The roof is on fire and if the blaze isn't put out the factory could explode Cray calls the fire department and races through the building telling the workers to flee He's amazed by how calm they are The fire is extinguished and life slowly returns to normal But the true crisis is just around the corner When Cray's sister disappears and the police search reveals no trace of her he discovers fear affects everyone differently and it's not always smart to stay calm

Can Poetry Save the Earth? John Felstiner, 2009-04-07 Poems vivifying nature have gripped people for centuries From Biblical times to the present day poetry has continuously drawn us to the natural world In this thought

provoking book John Felstiner explores the rich legacy of poems that take nature as their subject and he demonstrates their force and beauty In our own time of environmental crises he contends poetry has a unique capacity to restore our attention to our environment in its imperiled state And as we take heed we may well become better stewards of the earth In forty brief and lucid chapters Felstiner presents those voices that have most strongly spoken to and for the natural world Poets from the Romantics through Whitman and Dickinson to Elizabeth Bishop and Gary Snyder have helped us envision such details as ocean winds eroding and rebuilding dunes in the same breath wild deer freezing in our presence and a person carving initials on a still living stranded whale Sixty color and black and white images many seen for the first time bear out visually the environmental imagination this book discovers a poetic legacy more vital now than ever Driven to Distraction at Work Ned Hallowell,2015-01-06 Identifying the underlying reasons why people really lose their ability to focus at work and drawing on case studies a leading authority on ADD and ADHD presents a set of reliable techniques that will help anyone regain control of their attention and most productive mental state in the workplace By the best selling author of Driven to Distraction 25 000 first printing Line Dance Barbara Crooker,2008 **Zero at the Bone** Morna Doris Brown,1968

Welford,2005 A few years ago I wrote a poem that I titled *Parabelle* for Susan It was the only *parabelle* ever to have been written because I invented the form in order to write the poem What I set out to do was write an intentionally bad formal poem Auden said there was nothing funnier than bad poetry and I thought a horribly mangled attempt at a formal poem might have humorous results I considered using an already existing form but I figured enough bad sonnets and bad sestinas are already being written these days without me adding to the pile The *parabelle* invites you in with its offer of nursery rhyme repetition then suddenly confronts you with an extreme verbal challenge It lurches from the comfort of repetition to the crossword puzzle anxiety of fitting a specific vocabulary into a tightly bounded space While the level of difficulty in most verse forms remains fairly consistent throughout the *parabelle* accelerates from kindergarten to college and

back to kindergarten several times and ends in a think tank called the Institute for Advanced Word Play Thus the jumpy
