Living a Safe Universe Lynda Madden Dahl,2013 Seth channeled by Jane Roberts tells us You live in a safe universe He also reminds us we create our own realities through our mental acts Which means while we live in a safe universe we don t always live a safe universe because we don t always safely create within it What does it take to live a safe universe There is only one answer Trust After years of focused effort Lynda Madden Dahl award winning author of five Seth based books and co founder of Seth Network International found a path within the material not obvious at first but there nonetheless that resolves all trust issues if one is but willing to try Lynda takes the reader deep into the heart of Seth s teachings and one emerges with a new vision and understanding of concepts that will transform one s personal world and thus the world in general Highly recommended for all Seth readers who wish to take Seth s material to a whole new level Rich Kendall author

Speaking of Jane Roberts Susan M. Watkins, 2001-01-01 Poet novelist author of the Seth Material Jane Roberts's books have sold over 75 million copies She was one of the most important psychics of the twentieth century Now *Speaking of Jane Roberts* reveals a woman as fascinating as the material she produced Susan Watkins and Jane Roberts were friends for sixteen years Early on Seth the entity who spoke through Roberts told the two women that they were counterparts connected in this particular lifetime to work out some shared personal issues In addition to being a compassionate and sometimes painfully honest look at Roberts's life her difficult childhood her constant questioning of psychic abilities and sources of creativity her resistance to Seth's advice her dramatic struggles with her health *Speaking of Jane Roberts* is also a beautiful and applicable illustration of the counterpart relationship The connection that Watkins and Roberts shared reveals something important about the power and mystery of the connections we all share with the people closest to us Watkins also offers original insights into the phenomenon of channeling

Living a Safe Universe, Vol. 3 Lynda Madden Dahl, 2014-06-06 Lynda Madden Dahl In *Living a Safe Universe* Vols 1 and 2 predecessors to this my seventh of eight Seth Jane Roberts based book I talk about my journey into trust and safety via a specifically identified path of Sethian knowledge and an in depth use of the moment point within simultaneous time Here we'll broaden our knowledge of the safe universe even further with the introduction of Framework 2 and the greater reality from which all other frameworks spring With this further knowledge we'll see more clearly our role and participation in the safe universe and what it means to both our private creations as well as those shared with others And most importantly we will sense with even deeper understanding our intrinsic safety as an inviolate portion of All That Is leading us to a freedom of thought and action unparalleled in today's world

BOOK REVIEWS BY SETH READERS Lynda's three volumes of *Living a Safe Universe* are a true tour de force through the Seth concepts and offer even the long time Seth reader a new perspective on the material and a great motivation to finally shift from a theoretical to a practical level of understanding The selected Seth quotes and Lynda's comments present a captivating mix that not only lead deeper into Seth's philosophy but trigger a comprehension that is a prerequisite for a successful implementation of Seth's ideas into one's life Lynda herself is a great teacher and true ambassador for the Seth Material

The System of Antichrist Charles Upton,2005 The System of Antichrist examines the present religious and cultural scene from the standpoint of traditional metaphysics and critiques the New Age spiritualities within their postmodern context Its many references to Rene Guenon and Frithjof Schuon also help introduce these important but little known traditionalist thinkers The book presents lore relating to the latter days of the present cycle from the vantage point of comparative religion drawing upon relevant doctrines from Buddhism Hinduism Judaism Christianity Islam Zoroastrianism and the Native American traditions It also speculates upon the social psychic and spiritual nature of that being known to Christianity Judaism and Islam as the Antichrist presenting him as both an individual and a system and warning those willing to be warned against the spiritual seduction and terror he represents and against the regime which will be and is the social expression of that seduction and that terror Finally in tracing the roots of Antichrist in the fallen nature of man the author sketches the particular quality of spirituality proper to apocalyptic times the dangers it faces the unique opportunities open to it And along the way he describes his own course from the spiritual revolution of the 1960s through the world of New Age spiritualities to the threshold of traditional esoterism and metaphysics As he says speaking of the angst that characterizes the modern world The specific medicine for the shock of despair is the deeper shock of meaning Nothing but the weight of eternity breaking through the thin brittle shell of the postmodern sky can set us on our feet
