

STATE AND LOCAL GOVERNMENTS

Local governments ALWAYS have to work with the state to make sure laws are enforced.

- **Example:**

- School systems have to work with the state to make sure they meet state guidelines
- Police departments have to make sure that state laws are followed/updated

The local government follows state/national rules at all times

Governing States and Localities Kevin B. Smith, Alan Greenblatt, 2021-10-05 From the implications of Donald Trump's presidency on intergovernmental relations to the COVID 19 pandemic's impact on state-federal relations the Eighth Edition of Governing States and Localities introduces students to the most recent challenges, developments, and political changes impacting state and local politics **Governmental Finances in ...**, 1976 Report of the Public Schools of the State of Missouri Missouri. Department of Education, 1924 Governing States and Localities, 3rd Edition and State and Local Government, 2011-2012 Edition Package Kevin B. Smith, Alan H. Greenblatt, Michele Mariani, Vaughn, 2011-08 Governing States and Localities 3rd Edition Despite reports of the recession nearing an end, states will have to struggle to make ends meet well into the foreseeable future. The choices are sometimes stark trade-offs between roads and schools, public safety and health care. The new edition of Governing States and Localities responds to this reality with a new sharper focus on economic and budget pressures. The chapter on finances comes earlier in the book, helping to frame each of the subsequent issues, and a new feature called BAD States under Stress BAD helps students see how fiscal and budgetary policy affects all areas of state and local governance. A brand new chapter on the environment highlights the leadership role the states have taken in fighting climate change, creating green jobs, and combating pollution. Still a great blend of engaging journalistic writing, high-quality academic analysis, and the latest scholarship, the third edition has been thoroughly updated to account for such major developments as the recentralization of federalism under the Obama administration and the further politicization and rising costs of judicial elections. The authors have expanded coverage of referendums and direct democracy, as well as the increased role states play in homeland security. A series of well-designed features asks students to apply the comparative method: BAD A Difference that Makes a Difference, BAD to see how intergovernmental relations impact localities, BAD Local Focus, BAD and to see examples of how policies are actually implemented, BAD Policy in Practice, BAD. An engaging full-color design, more than thirty maps, a vivid selection of photographs, updated tables and figures, and a marginal glossary all combine to keep your students focused and learning.
