**The Unseen Internet** Shira Chess,2026-02-10 How the intersection of magical thinking and technological innovation helped to form digital culture both past and present Our contemporary digital landscape often reflects a strange logic Elon Musk believes there s a one in a billion chance that we are not living in a computer simulation People argue about culturally collective false memories popularly known as Mandela Effects And various factions engaged in a magic meme war leading up to the 2016 election In The Unseen Internet Shira Chess explores the tensions between the occult and digital spaces in the twenty first century These practices have resulted in distinct kinds of otherworldly discourse that affects the broader popular perceptions of reality in the twenty first century within and beyond the internet Behind the glossy sheen of slick social media influencers and corporate oligopolies the internet is built in part on a foundation of magical thinking The word magic here is not entirely metaphorical although the metaphor is not irrelevant Historically the emergence of the internet was concurrent with technopaganism which blended digital technologies with the occult in ways that are both seen and unseen by the casual

user While technopaganism is not the only lens with which to understand the emergence of the internet it is an understudied one that reaches toward contemporary anxieties about the ineffability of our tech

**Fifth World Medicine** Dr. John C. Hughes, 2022-05-25 What begins as a hunger for authentic medicine in a young medical student evolves into a quest for an entirely new world a Fifth World where the line between what is material and spiritual has been dissolved In Fifth World Medicine you will explore the lands myths and prophecies of the Hopi People chase after coyotes in the deserts of Arizona enter a sweat lodge with a shamanic healer in the far North Country of Canada embrace the power of silence and the medicine of enlightenment go on a vision quest in the depths of the Grand Canyon and find your roots in the sacred temple of the human body and the soil of Mother Earth Fifth World Medicine dares to challenge Westerners and anyone who dwells in the Fourth World a techno industrial world where dualistic thinking and linear scientific methodologies assert their hegemony leading to disease in Mother Earth and her inhabitants Fifth World Medicine provides an exit path for those who hunger for something more than the Fourth World Fifth World Medicine satisfies humanity's deep collective hunger for lasting health as it integrates one's spirit mind body and Earth If you feel this hunger follow the wolf on this journey to the Fifth World a journey guaranteed to test your worldview and entire understanding of what is true *The New World*, 1899 Includes section Book reviews

Coyote Wisdom Lewis Mehl-Madrona, 2005-03-01 An in depth look at the therapeutic and transformative powers of storytelling in Native American and other cultures Explores how to create a healing state of mind using stories Includes healing stories from Native American traditions and other cultures from around the world By the author of the bestselling Coyote Medicine Stories are powerful sources of meaning that shape and transform our lives We tell stories to track our process of personal and spiritual growth and to honor and respect the journeys we have made Through stories we are provided with experiences of spiritual empowerment that can lead to transformation In Coyote Wisdom Lewis Mehl Madrona explores the healing use of stories passed down from generation to generation in Native American culture and describes how we can apply this wisdom to empower and transform our own lives A storytelling approach to transformation starts with how we were created and how we can re create ourselves through the stories we tell As we explore the archetypal characters and situations that populate the inner world of our stories we can experience breakthroughs of healing and even miracles of transformation This approach to healing through stories runs counter to the current model of modern psychology The stories we tell about ourselves may model our lives but by introducing new characters and plots we can come to see ourselves in a new way The author also draws upon the cultures of other indigenous peoples the Maori East Africans Mongolians Aborigines and Laplanders to illustrate the healing use of stories throughout the world **SUMMARY** Edition Shortcut (author), 1901
