

A black and white micrograph showing several plant cells. The cells are roughly rectangular and arranged in a grid-like pattern. Each cell has a thick, dark border representing the cell wall. Inside the cells, there are various internal structures, including a large, clear central vacuole and smaller, darker organelles. The overall appearance is that of a cross-section of plant tissue, possibly an onion skin or similar. The text 'the working cell' is overlaid on the lower right portion of the image.
