

DECISIONS & CONSEQUENCES

You make decisions every day: what clothes to wear, what music to listen to, what to eat. You probably don't put a lot of thought into most of your decisions because they don't seem very important. However, some decisions that are made without much thought are important, and they can impact your life for a long time—possibly forever. That's why you need to stop and think before you act.

With all that teens have to deal with today, it can be hard to always make the right choice or decision. But often, taking just a few seconds to consider what you're about to do can keep you from doing something you will regret.

When you're in a situation that requires you to make a fast decision, ask yourself:

1. Is this the right thing to do?
2. Is this a safe thing to do?
3. Will I feel good about myself if I do this?

If the answer to any of these questions is *no*, then more than likely, what you are about to do will have negative consequences for you and others. *It's time to take a step back and reconsider.*
