

Essays on Cultural Renewal

KENNETH WHITE

THE WANDERER *and his* CHARTS

Following on from *On Scottish Ground*, this book moves further into White's mental cartography. A first part, 'The Intellectual Nomad', lays out the practice of intellectual nomadism, based on White's explorations and researches from culture to culture across the world. A second part, 'Place and Space', gathers together essays written in the environment of a mountain and frontier country (the Pyrenees), and in a coastal area (North Brittany): it concerns what White calls 'geopoetics', a theory that attempts to get back into the root of culture and start again afresh. In the third part, 'A Cultural Project', White turns his attention specifically to Scotland with propositions for radical cultural renewal. In White's hands, the essay is no mere literary plaything or impressionistic rambling, it is a vehicle of fast cogent thinking. The sheer scope of the information and the clarity of the arguments are hard to find anywhere else.

An intellectual nomad of genius.
THE SCOTSMAN

The work of Kenneth White, that inspirational cultural thinker, is an astonishingly exciting challenge to the way we think about the world.
THE HERALD

White's work on nomadism is like a vast map marked with signposts that indicate paths of active thought.
LA QUINZAINE LITTÉRAIRE, PARIS

White's polymorphous investigation is out to de-compartmentalize thought and create new cultural space.

Deep Pockets Brendan Cooper,2023-04-06 A brilliant book brilliantly written You really do need to read it Adrian Chiles Mixing the sacred and the profane high culture and low culture the sublime and the ridiculous *Deep Pockets* is the book this game of unfathomable difficulty and infinite mystery well deserves Critic The game of snooker has a remarkable history From humble origins it blossomed spectacularly in the 1980s into the nation s most popular sport Top players became celebrities The papers were stuffed with snooker scandals It even conquered the pop charts In the twenty first century the game is still big news Along with millions of British fans a vast audience continues to grow across every corner of the world from Europe to the Middle East to China The global thirst for snooker has never been greater But strangely perhaps snooker s deeper meanings have rarely been explored It is a game that celebrates subtlety and mystery a slow undertaking in a fast paced world Elegant and profound snooker invites serious contemplation *Deep Pockets* is a study of this uncharted territory a love letter to snooker and an impassioned journey into its soul Because snooker in fact is more than a game It is a belief set a way of seeing an entire philosophical system In chapters that cover everything from time truth loss luck and more *Deep Pockets* explores how snooker can help us to trace the meaning of life itself *Proceedings of the Royal Geographical Society of Australasia, South Australian Branch (Incorporated)*.
