[E.L. Doctorow's Skeptical Commitment](#) Michelle M. Tokarczyk,2000 This book gives a political reading of E L Doctorow s fiction For Doctorow there was a tension between the ideals of his socially aware family and those of the new critics under whom he studied as an undergraduate This tension making him skeptical about the possibilities of political involvement has been beneficial because it has enabled Doctorow to avoid the excesses of both polemical writing and formalism Through a stance Tokarczyk terms skeptical commitment he has written political fiction of high literary quality In part he has done so by adapting genres such as the western and the romance Furthermore Doctorow has used experimental techniques to express political and historical

**African American Servitude and Historical Imaginings** M. Jordan, 2004-08-20 In African American Servitude and Historical Imaginings Margaret Jordan initiates a new way of looking at the African American presence in American literature Twentieth century retrospective fiction is the site for this compelling investigation about how African American servants and slaves have enormous utility as cultural artifacts objects to be acted upon agents in place or agents provocateurs Jordan argues that those who even those seemingly innocuous infrequently visible or silent servants are vehicles through which history culture and social values and practices are cultivated and perpetuated challenged and destabilized Jordan demonstrates how African American servants and servitude are strategically deployed and engaged in ways which encourage a rethinking of the past She examines the ideological underpinnings of retrospective fiction by writers who are clearly social theorists and philosophers Jordan contends that they do not read or misread history they imagine history as meditations on social realities and reconstruct the past as a way to confront the present
