Where I Was From:

From the Ghettos of Iran to the Streets of America G. M. Beigi, 2022-08-01 Read the true story of a man who risked everything to reach America for a better life Follow his journey across the world to escape an oppressive government gripped in political turmoil He left the ghettos of Tehran for the tense streets of Germany in which he found himself headfirst in Europe during the Munich massacre then on through the wild border towns of Mexico where he desperately tries to secure his freedom in America See Iran from a different perspective along with a man's fight to survive poverty and get back to the woman he loves

Victorious Rob Chifokoyo, 2016-01-08 This book is full of my own life experiences that have shown me time and time again that God's hand is upon us even when it may be scary dark and hopeless He is in the midst of our circumstances walking us through and revealing the victory we have in His Son Jesus This is a book about love failure pain trouble fear healing and ultimately about victory before there is ever any hope of receiving it

Back Talk from Appalachia Dwight B. Billings, Gurney Norman, Katherine Ledford, 2000-11-16 Various authors examine and dispute the stereotypes of Appalachia

Voices from the Gulag Tzvetan Todorov, 2010-11-01 We also hear from guards commandants and bureaucrats whose lives were bound together with the inmates in an absurd drama Regardless of their grade and duties all agree that those responsible for these excesses were above or below them yet never they themselves Accountability is thereby diffused through the many strata of the state apparatus providing legal defenses and clear consciences Yet as the concluding section of interviews with the children and wives of the victims reminds us accountability is a moral and historical imperative

BOOK JACKET Egypt - The Lost Homeland: Exodus from Egypt, 1947-1967 Alisa Douer, 2015-09-25 In the twentieth century the political Zionist movement and Egyptian rulers completely uprooted the country's thriving Jewish community a goal the Pharaohs tried to realize as early as 3500 years ago Mostly comprised of descendants of Sephardim from the Iberian Peninsula the world's oldest Jewish community totaled 85 000 members in 1948 No more than 100 to 200 Jews live in Egypt today This book tells the story of Egypt's Jewish history from Biblical times to 1967 the year of one of the last major Jewish emigration waves from Egypt It highlights the First Exodus in ca 1500 BCE and the Second Exodus which was triggered by the foundation of the State of Israel and three successive wars in 1948 1956 and 1967 Throughout the narrative it becomes evident that the Jewish community consistently was subject to the arbitrary will of Egyptian rulers Starting in 1948 members of this community were forced to leave the country without any of their belongings on short notice Like other Jews from the Arab world Egyptian Jews were not Zionists in the Eurocentric Ashkenazi sense Their arrival in Israel was met with prejudice and disdain Even though they were discriminated against in matters of housing and education they still managed to integrate well into Israeli society and are now members of the country's upper and middle class The evidence presented in this book is based on interviews with ninety six Egyptian Jews in Israel and the United States

Congress February 19, 1872: Alabama United States. Congress. Joint Select Committee to Inquire into the Condition of Affairs in the Late Insurrectionary States,1872 *Graziano v. New York Central Railroad Company*, 352 MICH 307 (1958),1958 6 *Behind the White Picket Fence* Sarah Mayorga,2014-11-03 The link between residential segregation and racial inequality is well established so it would seem that greater equality would prevail in integrated neighborhoods But as Sarah Mayorga Gallo argues multiethnic and mixed income neighborhoods still harbor the signs of continued systemic racial inequalities Drawing on deep ethnographic and other innovative research from CreekrIDGE Park a pseudonymous urban community in Durham North Carolina Mayorga Gallo demonstrates that the proximity of white African American and Latino neighbors does not ensure equity rather proximity and equity are in fact subject to structural level processes of stratification Behind the White Picket Fence shows how contemporary understandings of diversity are not necessarily rooted in equity or justice but instead can reinforce white homeowners race and class privilege ultimately good intentions and a desire for diversity alone do not challenge structural racial social and economic disparities This book makes a compelling case for how power and privilege are reproduced in daily interactions and calls on readers to question commonsense understandings of space and inequality in order to better understand how race functions in multiethnic America **Senate documents** ,1877
