Where To Find Whitetails:

Where to Find Whitetails, 1991 **Hunting Whitetails East & West** J. Wayne Fears, Larry Weishuhn, 2015-01-13 From finding prime habitats to creating a plan for success *Hunting Whitetails East West* covers everything related to hunting America's deer. Each fall the whitetail deer is sought by millions of hunters throughout the United States and Canada. With the expertise from two men who have decades of hunting experience under their belts, you will learn all that it takes to avoid another well-there's-always-next-year-kind-of-season. Learn what it means to be a whitetail hunter through Fears and Weishuhn's personal anecdotes and stories. Fears's focus on eastern whitetail combined with Weishuhn's knowledge of whitetails west of the Mississippi makes *Hunting Whitetails East West* the only guide you'll ever need. Topics covered include best times to hunt, where to hunt, which firearms to use, how to deal with different weather conditions, and much more. *Hunting Whitetails East West* is rich in content and written with both the amateur and the seasoned hunter in mind. Color photographs, maps, and population charts will prove especially useful to beginners, while interviews with the experts and detailed advice will be welcome for anyone. J. Wayne Fears has a graduate degree in outdoor recreation from the University of Georgia and has written more than fourteen books on the subject. Having written more than three thousand magazine articles, Fears is a member of the Explorer's Club and was elected to the Legends of the Outdoors Hall of Fame. Fears resides in Huntsville, Alabama. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home. [Whitetail Hunting](#) Shawn Perich, Michael Furman, 2004 North America's 1 big game animal is the whitetail. Most hunters, however, are not successful in their quest for a big buck. Some of them set up their treestands in the wrong places, others simply move too fast and make too much noise when still hunting or tracking. *Whitetail Hunting* is written to help put the odds in the hunter's favor every time he or she steps into the deer woods. In the section *Understanding Whitetails*, readers learn what habitats deer prefer, how they react to weather changes, where they feed, how they use their senses, and how they communicate with each other. *Preparing for the Hunt* explains what equipment and clothing hunters should buy, regardless of whether they hunt with firearm or bow/arrow. Chapters in this section also discuss tips for scouting and locating whitetail hotspots before opening day. The latest information on Chronic Wasting Disease and other deer-specific ailments are discussed. *Hunting Techniques* shows readers how the experts stand, hunt, still hunt, stalk, or drive deer in different situations and habitats. Readers also learn when to rattle, how to place deer attractor scents, and where to find trophy bucks. Trailing wounded deer
