

WHITHER BOUND?

By
Franklin D. Roosevelt

When the time comes when the people of a great nation are asked to make a choice between two courses of action, it is the duty of the citizen to weigh the merits and demerits of each with the most careful and impartial consideration. The author of this book has endeavored to do this in the case of the two courses of action which are before the people of the United States at the present time. The author's conclusions are given in the concluding chapter of the book.
