Who Owns Scotland? John McEwen, 1979 *Who Owns Scotland* Andy Wightman, 1996 This is a comprehensive account and analysis of landownership in Scotland Drawing on a wide range of sources it lists the owners of Scotland and analyzes the current pattern of landownership and how it has evolved over the centuries Who owns Scotland? ... John MacEwen, 1977 *Who Owns Scotland Now?* Auslan Cramb, 1996 This work investigates the influence of the landowners on the Scottish landscape and calls for change Today the old families who continue to cling to vast estates have been joined in the ownership of Scotland by foreign businessmen and aristocrats rock stars pension funds and environment groups **A People's History of Scotland** Chris Bambery, 2014-06-17 A People's History of Scotland looks beyond the kings and queens the battles and bloody defeats of the past It captures the history that matters today stories of freedom fighters suffragettes the workers of Red Clydeside and the hardship and protest of the treacherous Thatcher era With riveting storytelling Chris Bambery recounts the struggles for nationhood He charts the lives of Scots who changed the world as well as those who fought for the cause of ordinary people at home from the poets Robbie Burns and Hugh MacDiarmid to campaigners such as John Maclean and Helen Crawford This is a passionate cry for more than just independence but also for a nation based on social justice Fully updated to include the rise of the SNP post 2014 Conveyancing Practice in Scotland Ann Stewart, Euan Sinclair, 2020-03-04 Covering the many changes to property law and conveyancing practice driven by the Scottish Parliament in recent years including its land reform agenda *Conveyancing Practice in Scotland* Eighth Edition is an indispensable guide for residential and commercial property lawyers at all levels Encompassing both commercial and residential conveyancing the Eighth Edition of this highly regarded text has been reviewed and updated throughout to take account of evolving and settled practice under the Land Registration etc Scotland Act 2012 the practical effects of the community rights to buy introduction of the Additional Dwelling Supplement on Land and Buildings Transaction Tax prospective effects of the proposed Register of Controlled Interests in Land the Scottish Law Commission proposals for changes to the law relating to title conditions and heritable securities In addition to the property law aspects this text also covers the practical and ethical considerations of acting in a conveyancing transaction such as anti money laundering procedures and conflicts of interest Standard missive clauses are examined in detail with reference to their application in practice Written by practising lawyers with many years of transactional and mentoring experience this book is the only practical guide to managing conveyancing transactions in Scotland This title is included in Bloomsbury Professional's Scottish Law Scots Law Student and Scottish Conveyancing online services **The British Country House Revival** Ben Cowell, 2024 British country houses have experienced a renaissance since the early 1970s A new accord is needed today recognising the increasingly contested contribution of country houses to British cultural life Fifty years ago the future for country houses in Britain looked bleak The Victoria Albert Museum's exhibition *The Destruction of the Country House* which

opened in October 1974 charted the loss of over a thousand country houses in the preceding century The makers of the exhibition warned that history could be about to repeat itself because of the threats besetting mansion properties principally from higher taxation Houses faced the prospect of having to be stripped of their collections and sold for use as offices hotels or hospitals with their parks and gardens turned into golf clubs Government might afford to save just a handful of the most significant of these places working in tandem with charities such as the National Trust The rest would be consigned to history This book traces the history of country houses in Britain from the Destruction exhibition to the present day The wave of country house losses anticipated in 1974 never actually happened Instead over the next five decades Britain s country houses experienced a renaissance Fiscal rules changed in the mid 1970s to make it easier for owners to hold on to their assets Economic improvements in the 1980s and 1990s allowed many houses and estates to develop profitable commercial businesses All of this was achieved only after dedicated campaigning from heritage organisations in support of the country house cause The book argues that a new accord is needed today to recognise and value the ongoing if increasingly contested contribution of country houses to British life and culture in the twenty first century
