maps from a Luftwaffe bomber and a buckled tail fin from a Me 110 bearing the unmistakable symbol of the swastika Now in this biography created from Terry s original notes and photographs stretching back almost seventy years we learn not only about the historical significance of Terry s story as a wreck hunter but also the importance of remembering the lives of the men who fought in the skies above Britain in World War II Indeed this book shows us how one man s commitment to aviation archaeology ultimately serves as a tribute to thousands of young souls both lost and found in the Battle of Britain and the Blitz
