Introduction of sub – writing skills DATE : 13 th october 2022

Although paragraph unity is important, it is not the only factor that you need to consider in writing a successful paragraph.

In order for paragraphs to be **well structured**, they must also be **coherent**. The word coherence comes from the **Latin verb cohere**, which means **“to hold together.”** For **coherence in writing**, the **sentences** must hold together,

that is, the movement from one sentence to the next must be logical and smooth. There must be **no sudden jumps**. Each sentence should **flow smoothly** into the next one. Here are four ways to achieve coherence:

- Repeat **key words**.
- Use **consistent pronouns**.
- Use **transition signals** to link ideas.
- **Arrange** your ideas in logical order.
