offers readers an insight into human behaviour knowledge of organisational issues and quantitative methods needed to do project management He emphasises the challenges they ll face including planning negotiating budgeting communicating and scheduling *Project Management Casebook* David I. Cleland, Karen M. Bursic, 1998 How do project team members get the knowledge skills and attitudes needed to perform effectively One proven method is through the case study approach The book offers 50 case studies that represent the breadth and importance of project management and its impact on the everyday management of projects Each of the cases provides new and unique challenges that have been mastered by the practice of project management Readers will be able to apply the knowledge learned from this casebook in their work The cases enable readers to see how and why projects are used in a wide variety of organizational settings in contemporary life Readers are exposed to both successful and not so successful project management practices The case study approach encourages reader participation and active learning and provides the opportunity to learn something of the real world of project management It is essential in the curricula of project management training for both undergraduate and graduate students as well as for continuing education consulting and in house company training programs The cases were chosen for their importance in discussing the fundamentals of project management Most contain descriptions of actual projects and each is followed by a series of questions to guide readers analysis of the article to maximize the learning process **Electronic Design** ,1994

Project Management Clifford F. Gray, Erik W. Larson, 2008 As the market leading textbook on the subject Project Management The Managerial Process 4e is distinguished by its balanced treatment of both the technical and behavioral issues in project management as well as by its coverage of a broad range of industries to which project management principles can be applied It focuses on how project management is integral to the organization as a whole The 4th edition reflects the latest changes found in the practice Other texts discuss the topics covered in this text but they do not view oversight as the project manager s operating environment as does Gray Larson

Project Management Handbook David I. Cleland, William Richard King, 1988
