[Financial Accounting Theory](#) Craig Deegan,2014-01-15 The much anticipated fourth edition of Craig Deegans Financial Accounting Theory delivers authoritative and completely up to date material with the discussion of both existing theories and newer theories that have surfaced as financial reporting has become more international This edition includes a new selection of modern Accounting Headlines which provide current examples of organisations and individuals putting accounting theory into practice in both local and global settings Financial Accounting Theory covers additional topics such as critical perspectives public sector accounting and fair value Workflows and processes are presented using enhanced visual charts to help demonstrate how accounting works in practice Deegan presents the concepts in a clear and straightforward style while challenging students to think critically about the range of accounting theories Financial Accounting Theory provides a sound basis for readers contemplating further research and develops habits of analytical reasoning and critical thinking

**EBOOK: Radical Consumption: Shopping for Change in Contemporary Culture** Jo Littler,2008-11-16 Ethical consumption fair trade consumer protests brand backlashes green goods boycotts and downshifting these are all now familiar consumer activities and in some cases are almost mainstream They are part of the expanding field of radical

consumption in a world where we are encouraged to shop for change But just how radical are these forms of consumption This book offers an interdisciplinary approach to examining contemporary radical consumption analyzing its possibilities and problems moralities methods of mediation and its connections to wider cultural formations of production and politics Jo Littler argues that we require a more expansive vocabulary and to open up new approaches of enquiry in order to understand the area s many contradictions strengths and weaknesses Drawing on a number of contemporary theories terms and debates in media and cultural studies she uses a range of specific case studies to bring theory to life By analysing practices of radical consumption the book explores a number of key questions Is ethical consumption merely a sop for the middle classes What are the contradictions of green consumption Should we understand corporate social responsibility as a form of consumer oriented greenwash Who benefits from the new forms of cosmopolitan caring consumption Can such forms of consumption ever move beyond their niche market status to become an effective political force Can we really buy our way to a better more equitable or sustainable future Radical Consumption is important reading for cultural media and sociology students
