Filled with more than 100 activities to help you live life better, this book is the first of its kind to integrate the latest research from the fields of positive psychology and lifestyle medicine. Striking a careful balance between theory and practice, the book first reviews what is known about positive psychology and health, presenting a novel approach to holistic wellbeing. It then goes on to provide more than 100 tools designed to increase physical, mental, and social health and wellbeing, and also to decrease the risk of illness and disease. The tools described can be used by people of all ages, whether well or experiencing illness. It includes tools that you can use to improve your nutrition and sleep, to increase your physical activity, to develop positive relationships, to develop a positive mindset, and to pursue a meaning in life. These tools provide research-informed, practical advice to help you to make lasting changes and become the best possible version of yourself. This book is invaluable for anyone who wishes to maintain and enhance their health and wellbeing using tools that have been shown through research to be effective. It is also a key text for students in positive psychology and healthcare, as well as serving as an evidence-based reference book for coaches and health professionals who wish to recommend research-informed tools to their clients and patients.

Build the Person You Want to Be Simon Rountree, 2018-09-01 Throughout our lives, we face many challenges, both personal and professional. Often, we struggle to know how best to cope and wish we had greater personal resources to draw upon. This book can help. Based on the science and principles of positive psychology, *Build the Person You Want to Be* provides you with the tools you need to foster greater resilience and mental wellbeing. The ORANGES toolkit focuses on the seven key elements that support human flourishing and meaning: Optimism, Resilience, Attitude, Now, mindfulness, Gratitude, Energy, and Strengths. Through an exploration of the current research, it shows that if you can increase your positive emotions, engagement, relationships,

meaning and accomplishments you enhance the capacity to handle life's challenges and reduce the impact of the things that hold you back such as fears, anxieties, and doubts. The book outlines ways to practise and build skills to re-orientate your thinking from What is wrong to What is right and despite life's adversities to bounce back and thrive. Whether you want to improve your organization's work culture or wish to bolster your own inner resources, the ORANGES toolkit will help you create a more meaningful life and boost resilience, optimism, and mental wellbeing.
