Social God:

The Social God Kenneth Leech, 2003-10-28 The central theme of The Social God is the belief that God is social and that both Christian prayer and Christian social action are rooted in the nature of God Christian action in the fields of social justice and the political arena is rooted in Christian doctrine The Social God stresses the essential unity of doctrine and action of prayer and politics examining the Christian understanding of God and his relationship with the world Kenneth Leech emphasizes the centrality of the Incarnation and reveals the other aspects of Christian spirituality the dangers of a new fascism and the need for a renewal of Christian theology

Relational Spirituality Todd W. Hall, 2021-05-25 Human beings are fundamentally relational we develop heal and grow through relationships Integrating insights from psychology and theology Todd W Hall and M Elizabeth Lewis Hall present a definitive model of spiritual transformation based on a relational paradigm showing how transformation works practically in the context of relationships and community Paul, the Community, and Progressive Sanctification James M. Howard, 2007 What role does the Christian community play in the process of growing in Christian maturity This book argues that in Pauline theology the redeemed community is a necessary means for the progressive sanctification of the individual believer an idea that is largely misunderstood in parts of the Western church It evaluates foundational theological considerations traditionally omitted from sanctification studies and places them within the context of Pauline theology Included are the missiological nature of holiness the initiatory character of God the creation of the new humanity as reflecting the image of God and the impact upon the church resulting from the radical redefinition by Christ of the cultural symbols surrounding the Jewish temple system This book offers a corrective to the individualized approach to Christian growth For Paul the focus of God's transformative activity culminates with the community rather than the individual the goal of which is to reveal God's glory to the broader creation Healthy Human Life James K. Bruckner, 2012-06-18 Health is God's original created intent whole persons healthy relationships a thriving environment and ongoing interaction with himself In the Bible human health is body based community based and deeply integrated in a relationship with God's creating Spirit The Pentateuch prophets writings Gospels and epistles all are deeply if not primarily concerned with the ongoing and ultimate health of God's good creation Scripture also has a wide perspective on the disruption of human health It deals with the human tendency to violence corruption and self destructive behaviors The recently renewed interest in health vitality and spirituality of all kinds has led to this articulation of a biblical spirituality in relation to human health Surprisingly when we look for spirituality in the Bible we find real and embodied relationships Everyone is for health and for the restoration of health But what are health and healing How does the Bible describe or define them Here is the result of ten years of conversations with health care professionals in a master's course on biblical perspectives on health and healing The biblical witness can transform the way we practice the healing arts This book provides a biblical foundation for health and its restoration Current Literature Edward Jewitt Wheeler, Frank Crane, 1913

Christianity in Evolution Jack Mahoney, 2011-08-01 Evolution has provided a new understanding of reality with revolutionary consequences for Christianity In an evolutionary perspective the incarnation involved God entering the evolving human species to help it imitate the trinitarian altruism in whose image it was created and counter its tendency to self absorption Primarily however the evolutionary achievement of Jesus was to confront and overcome death in an act of cosmic significance ushering humanity into the culminating stage of its evolutionary destiny the full sharing of God s inner life Previously such doctrines as original sin the fall sacrifice and atonement stemmed from viewing death as the penalty for sin and are shown not only to have serious difficulties in themselves but also to emerge from a Jewish culture preoccupied with sin and sacrifice that could not otherwise account for death The death of Jesus on the cross is now seen as saving humanity not from sin but from individual extinction and meaninglessness Death is now seen as a normal process that affect all living things and the religious doctrines connected with explaining it in humans are no longer required or justified Similar evolutionary implications are explored affecting other subjects of Christian belief including the Church the Eucharist priesthood and moral behavior

The Infinite Artist Frederick Franklin Shannon, 1921

The Trinity in the Gospel of John Royce G. Gruenler, 2004-04-08 No book in the Bible says more about the Trinity than the Gospel of John Of the innumerable commentaries published on this much loved Gospel few have focused on this central theme I have tried writes the author to listen to the discourses of Jesus in John and draw forth the disclosures of God s social nature in the activity of the incarnate Son He discovers something quite remarkable about the attitude of the persons of the Triune Community something he calls disposability Father Son and Spirit are there for the other servants who place themselves at the other person s disposal in an act of total generosity They serve not only each other but also the fallen human race and the creatures they redeem are invited to wash one another s feet as servants to the world Devoted Bible students will find in this thematic commentary a dimension to the Gospel of John they may have noticed only vaguely As they follow the author through this Gospel chapter by chapter they will acquire a far deeper understanding of the Triune God whom they serve because he has served them
