

Social Institutions

Social institutions are the standardized patterns of behavior and organization in a society that fulfill basic social needs. Social institutions are established systems that regulate and guide behavior, often with the aim of promoting social stability and order.

THEORY

Social institutions are characterized by their persistence over time and their relative independence from individual behavior. They provide individuals with a framework of social roles, rules, and expectations that guide their behavior and interactions with others. Social institutions also serve as

EXAMPLES

Examples of social institutions include the family, education system, government, religion, mass media, and the economy.

Family provides a framework for intimate relationships, child-rearing, and socialization. It also regulates sexual behavior and provides emotional support to its members.
