Social Group Treatment An Ecological Approach

American Sociological Society. Annual Meeting

Social Group Treatment An Ecological Approach:

Groups in Social Work Pallassana R. Balgopal, Thomas V. Vassil, 1983 *Group Work with Populations at Risk* Geoffrey L. Greif, Paul H. Ephross, 2005 *Group Work with Populations at Risk* 2nd Edition is a fundamental book aimed at social workers and other mental health professionals interested in at risk groups with specific populations Accessible and practical as well as scientifically and theoretically sound the text provides a set of guidelines for social workers who are called upon to work with groups of people facing such issues as cancer AIDS addiction head injury divorce mental illness and abuse The second edition expands the scope of the book to additionally address the significant world developments that have affected th

The Oxford Handbook of Group Counseling Robert K. Conyne, 2010 *The Oxford Handbook of Group Counseling* contains the most current and comprehensive information about group counseling edited and authored by esteemed scholars and leaders in the field Contents cover group counseling s context key change processes research leadership applications and future directions This source will become a classic reference and training tool [Career Development and Counseling](#) Steven D. Brown, Robert W. Lent, 2013-01-04 Praise for *Career Development and Counseling Putting Theory and Research to Work* Second Edition This volume is an essential resource for the library of anyone interested in the field of career development assessment and counseling and should also prove invaluable for graduate students interested in immersing themselves in some of the best work being done today in the field of career development and counseling Nancy E Betz PhD Professor Department of Psychology The Ohio State University In this second edition Drs Brown and Lent continue to shape career development discourse and illustrate the ongoing significance of the fields of career development and counseling in the twenty first century This edition will help both researchers and practitioners alike to better understand investigate and promote the role of work in people s lives Angela Byars Winston PhD Associate Professor of Medicine School of Medicine and Public Health University of Wisconsin Madison Complete coverage of leading career theories and practices Filled with the latest empirical and practical evidence this new edition features A new introductory chapter that defines and discusses the importance of career counseling in the twenty first century and offers a brief history of the field New chapters on gender race ethnicity social class and poverty sexual minority identity disability status personality and relational factors Major theories of career development Coverage of the assessment of important career constructs and occupational information systems Interventions for working with career issues across the life span Edited by two of the leaders in the field of career development and featuring contributions by many of the most well regarded specialists in the field *Career Development and Counseling* Second Edition is the one book that every career counselor vocational psychologist and student of career development and counseling must have **Evaluating Treatment Environments** Rudolf H. Moos, 1974 **The Oxford Handbook of Counseling Psychology** Elizabeth M. Altmaier, Jo-Ida C. Hansen, 2011-11-25 *Counseling Psychology* one of the original specialties recognized in the profession of psychology centers on and promotes clients personal strengths during

times of developmental transition or personal challenge and crisis This tradition has led the discipline to excellence in areas such as improving vocational decision making and understanding client response during counseling More recently this tradition has been applied in new and exciting areas such as understanding the role of multicultural factors among persons and society responding to crises in life such as health threats and disasters and enhancement of social justice in systems and communities The Oxford Handbook of Counseling Psychology comprises chapters all written by expert contributors in four sections foundations of the specialty contextual variables such as ethnicity and social class applications across individual couple family and group populations and intersections of the specialty with new targets of client or context Each chapter reviews the history of research theory and application analyzes current directions and sets an agenda for the close future again in theory research and application The handbook is a comprehensive and well written survey of many of psychology s domains of growing interest to students professionals and the public

Groupwork with Refugees and Survivors of Human Rights Abuses Jude Boyles,Robin Ewart-Biggs,Rebecca Horn,Kirsten Lamb,2022-09-05 Groupwork with Refugees and Survivors of Human Rights Abuses describes explores and promotes the power of groupwork for refugees and survivors of human rights abuses in a range of contexts Drawing on multiple theoretical approaches the book features chapters from practitioners running groups in different settings such as torture rehabilitation services refugee camps and reception centres The voices of participants demonstrate the variety creativity and value of group and community approaches for recovery The editors have gathered chapters into three sections covering community based approaches groups that work through the medium of body and soul and group approaches that focus on change through the spoken word The book will be relevant to those working in rehabilitation community mental health and humanitarian fields and are interested in using groupwork as part of their services The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Child Mental Health Practice From the Ecological Perspective Richard L. Munger,1991-07-31 The ecological perspective is a contextual approach which works at the interface between families and the broader ecology or ecosystem of the child the approach is not new but has not been widely adopted due to the lack of illustrative material available for practitioners Through an approach more descriptive and explanatory than empirical the author shows the clinician or other child care professional why the child s environment is crucial and provides techniques to draw people in the child s environment into the healing process

The Publishers' Trade List Annual ,1989 **Group Work Practice to Advance Social Competence** Norma C. Lang,2010 This textbook introduces social work practice with socially unskilled populations or persons who lack social competence and whose group life is likely to be chaotic or nonexistent unless professionally assisted providing guidelines for working with these socially disabled persons in group settings The author outlines the unique pre group processes of socially unskilled populations and provides a methodology for advancing social competence She also identifies the professional and agency

requirements for working with pre social processes
