

Working with people and communities will help to meet the triple aim duty by:

Health inequalities

Improve understanding of the experiences, perspectives and needs of people and communities that experience the worst health inequalities, including inclusion health groups, and working together, beyond clinical boundaries, to develop solutions.

Data and insight

Accessing data and insight, including qualitative data from communities and the VCSE sector, to build knowledge of the communities we serve, and the impact of wider determinants of health.

Assets

Understanding the assets in our communities that will help to improve population health and wellbeing and to strengthen understanding of community needs and perspectives.

Designing services

Designing services in partnership with people so they meet their needs and preferences and reflect experience.

Approaches and solutions

Jointly develop improvement approaches and solutions to concerns about quality, including patient safety and experience.

Prioritising resources

Prioritising resources to where they have the greatest impact, based on the needs, knowledge and experience of communities.

Understanding barriers

Understanding the barriers to access which impact on the efficiency and sustainability of services and working together on solutions to address them.
