Social Stratification in the United States The Open The Open Courses Library, 2019-10-23 Social Stratification in the United States Sociology Stratification systems are either closed meaning they allow little change in social position or open meaning they allow movement and interaction between the layers. A caste system is one in which social standing is based on ascribed status or birth. Class systems are open with achievement playing a role in social position. People fall into classes based on factors like wealth, income, education, and occupation. A meritocracy is a system of social stratification that confers standing based on personal worth, rewarding effort. Western Influences on Political Parties to 1825 Homer Carey Hockett, 1917 A careful and detailed study of the western frontier and the influence of the west on party life from pre-Revolutionary days to 1825. Traces the economic development of the west from 1815 to 1825 in regard to occupational life, markets, transportation, and the influence of that life. Examines the divergence of the west and south as the west was led to support the New England candidate for president in 1824. Discusses the formation of political parties along geographical lines and examines decline of Federalism and the rise of nationalism as a reflection of the fact that the views, habits, and interests of the east were not readily reconciled with those of the south and west. This volume should interest serious students of western and party history. *Contributions in History and Political Science* Ohio State University, 1917
